19TH YEAR. NO. 100.

EAST LIVERPOOL, O., MONDAY, APRIL 28, 1902.

TWO CENTS.

ADJOURNMENT NOT PROBABLE IN LESS THAN TWO WEEKS

Balky Senators Will Not Let the Legislature Quit May Fifth.

ANOTHER WARM STRUGGLE

Is in Sight in the Senate Over the General Appropriation Bill.

OLD COLUMBIANA IN LUCK

Its Legislators Have Got All the Local Bills For Which They Have Asked. Provisions of New Stationary Engineers' Law.

From a Staff Correspondent.

Columbus, April 28.—The prediction that the legislature would not adjourn on May 5 will in all probability be borne out. The balky senators who refuse to sign the house resolution to adjourn on that date are standing pat, and are also bringing down on their heads much severe criticism. It does not take a master mind to figure out what actuates their stand. It is purely for personal reasons, and their childish tactics fill their brethren with much ennui. But for their stubbornness it is probable that the sine die adjournment would have been taken today, but from present indications the legislature will not get away for another two weeks.

Dr. L. F. Cain, of Morgan-Noble, and W. B. Guerin, of Erie, who will without question be returned to the house, two years hence, expect to be candidates for speaker. Cain is a versatile chap and can put the house in an uproar of merriment in two minutes by his spontaneous wit. He is a ready speaker and has a strong following among the members of his party. Guerin is young, but is bright and active. He is quite boyish in appearance and was an ardent supporter of Price during the late speakership fight. The second general appropriation bill comes up in the house on Tuesday. The first one which passed that body after a warm struggle will come in the senate and both will precipitate interesting scenes. It is understood the Democrats will keep up the fight against the bills.

All the measures which Columbiana county was locally interested in have been made laws. As has been stated the East Liverpool bill to merge the public and Carnegie libraries was made a law last Wednesday about the same time as the Wellsville water works bill was rushed through.

The bill to give the St. Clair township residents authority to issue bonds to improve Calcutta road was made a law over a week ago, as were the bills for the relief of County Treasurer Smith and Geo. D. Flugan, of Lisbon. The East Liverpool registration bill and Buell road bills were other measures which went through. Not a single Columbiana county measure failed to pass. This speaks highly for the county and its prestige at the state capital.

The Pollock stationary engineers' law will go into effect on Thursday of this week. The supreme court last Tuesday declared one section of the law unconstitutional, and a bill to cure the defect was rushed through the legislature two days later and the act is now believed to be sound. There are eight districts under the new law, two additional districts being made.

The old districts were too large, and for this reason the state was re-districted. Columbiana county remains in the Fifth district, which takes in all the eastern counties of the state, several counties located in the eastern center of the state being placed in other districts. Deputy Examiner Elmer E. Miller, of Canton, will continue to have charge of the Fifth district and headquarters will remain at Canton. The counties included in the district are Columbiana, Jefferson, Harrison, Stark, Mahoning, Wayne, Medina, Portage, Summit, Trumbull, Geauga, Lake and Ashtabula. The appointments for the stationary engineers' department will be announced in a day or two.

Chief Examiner G. M. Collier will be reappointed by Governor Nash and he in turn will reappoint his present force and also appoint two additional deputy examiners. The new license certificates which the department will

issue are very handsome and are patterned after those used in Chicago and Boston, and if anything are more elaborate. Deputy Miller had engagements at East Palestine and Salem last week, but was unable to keep them on account of being summoned to Columbus. He was to have addressed the engineers of both towns. The Ohio Society of Mechanical, Electric and Steam Engineers, of which Deputy Miller is president, will meet at Mansfield May 10. Sessions will be held in the morning, afternoon and evening. It was intended originally to restrict the membership to the Fifth district, but this has been changed so as to take in the entire state. The headquarters are at Canton, where annual meetings are to be held. Meetings are also held every three months. Deputy Miller will address a meeting of engineers at Ravenna on Thursday evening, where a movement is on foot to form a branch lodge of the National Association of Stationary Engineers.

AT A LISBON POTTERY

PRESIDENT HUGHES SETTLED A NUMBER OF DISPUTES.

Wage Questions at the Thomas Plant Disposed of Without Difficulty.

President Hughes paid a visit to the Thomas pottery at Lisbon during the past week, and while there adjusted several small disputes which had arisen in the various departments.

The firm had been paying the biscuit warehouse girls 75 cents per day, and a protest was made. When a conference was had with President Hughes, the regular price, 87½ cents, was agreed upon, and will in the future prevail.

There was some difference of opinion in regard to the dimensions of a jug, and the workmen were unable to secure a satisfactory settlement with the management. This was also referred to the president, who experienced no difficulty in satisfying the firm that the claim of the men was a just one.

Henry Allison has charge of the slip house of this plant, and President Hughes was called upon to look into a protest made by Mr. Allison. At the Thomas pottery there prevails a custom which is in vogue in a great many potteries in the jurisdiction of the Brotherhood—that of leaving the ball clay in the open in order that it may become seasoned. This custom necessitates some additional labor on the part of the clay workers in wheeling the stuff to a point where it can be used. Allison asked extra pay for this work, but failed to get it. The decision of the president was against the slip makers. He held that the same conditions prevailed in a great many other shops, and while the workmen in all of these were protesting until the question was taken up in a general way, nothing could be done. In other words, no decision upon the matter could be had until it was made to apply to all tradesmen working under the same conditions.

PLUNGED IN RIVER

SUNDAY BALL PLAYERS GOT A BAD DUCKING.

Fled From Chester Officers and Were Warned to Stay Away.

About 18 men and boys from East Liverpool went to Chester in skiffs on Sunday, prepared for a quiet ball game. They took possession of the lot below Pusey's orchard and were preparing to play when Deputy Sheriff O. O. Allison and Chief Hiram Allison appeared.

The men rushed for the river and all piled into the skiff. The skiff sank. The visitors, after a thorough wetting, and a warning to stay away from Chester on Sunday, were allowed to depart.

Promises Much For Irondale
Contracts have been let to equip the sewer pipe plant in Irondale with a complete electric system of lighting. This will be one of the finest plants in this part of the country and promises to revive that town, which has suffered from the removal of the tin mill to Chester.

EMPLOYES CONFER WITH OFFICIALS

No Agreement Reached Between Manager Healy and His Men.

SPECIAL MEETING CALLED

Employees Hold a Six Hour Session Saturday Night and Heard Proposition From Company, But It Was Rejected—Men Want Better Scale.

The street railway men of division No. 52 spent six hours Saturday night discussing the new scale. R. L. Reeves, of Pittsburgh, a member of the executive board, was the only national officer present. He said the local now had the situation so well in hand that there appeared to be no need of assistance.

The men showed a disposition to accept no scale other than the one originally proposed, unless it be one like that given the Rock Springs men.

President Charles Kontner stated the result of the conference of the executive committee of the local division with L. W. Healy, general manager of the company. The company offered to pay 18 cents an hour for the first six months' service, and 20 cents an hour until the man has been in the service for three years, after which time the company would pay 21 cents an hour. While the report was received, the action of the company was turned down. The committee was instructed to hold another conference with Mr. Healy, and the matter was left in the hands of President Kontner. The conference was to have been held this morning, but the result was not given out. The committee will report at a special meeting Wednesday evening.

FOR TRENTON

FIRST DELEGATION TO DEPART ON THURSDAY.

National Officers Depart Then—Auditing Committee to Meet Friday.

Delegates to the National Convention of Operative Potters, which will be held at Trenton, commencing next Monday, are preparing themselves for the trip, and the first delegation will leave for Trenton Thursday morning. This delegation will be rather small, and will include President A. S. Hughes, Secretary Thomas J. Duffy, Treasurer John Wood, George Smith, secretary of Kilmen's Local No. 9, and Sheldon Moore. These gentlemen will compose a part of the auditing committee, which will go into session Friday morning, with James Tiffany, J. T. Cotton and J. D. Bradley, of Trenton. The auditing committee will start their work Friday morning, and will continue in session until Saturday afternoon.

On Saturday Harry Hales, of Wheeling, Samuel Crawford, of this city, and John Gould, of East Palestine, will leave for Trenton to attend sessions of the executive board, which will be held before the convention is called to order next Monday. There is quite a lot of work for these two committees to attend to, and their work may occupy more time than is expected.

There is every reason to believe that both Mr. Hughes and Mr. Duffy will be re-elected to their respective positions. So far no names have been heard in this city who are candidates for these offices, and their election for another year is almost assured.

Coming Wedding.

Invitations have been issued announcing the marriage on April 30 of Miss Mina Earl to James H. Smith, of this city. The young lady is the daughter of William Earl, formerly a resident of Salineville.

BOY'S STOLEN RIDE NEARLY PROVES FATAL

While riding on the rear step of A. Galm's delivery wagon little Fred Fox, six-year-old son of John J. Fox, the well known bricklayer, came horribly near meeting his death this morning on Second street. That he was not killed instantly is considered miraculous, he now being at his home on Market street with a crushed skull and his head otherwise fractured. He is in an exceedingly precarious condition.

The boy was innocently enjoying the ride when the horses attached to the wagon stopped abruptly and started

PAINTERS' SCALE AGAIN IN DISPUTE

Old Controversy About the One Man Contractor Has Been Revived.

VIOLATION OF AGREEMENT

Of the Division of the National Union, It Is Said, May Be Attempted Here, and Trouble Is Quite Likely to Follow.

If the present plans of the painters' union are carried out, there will be trouble between that organization and the larger contractors on the first of May.

The journeymen last season tried to force the contractors to sign the scale, giving the one-man contractors the same privilege. The bosses hiring painters protested against this, claiming they could not compete with the latter class. It was finally decided to shut out the individual contractors, and the dispute was settled on that basis.

East Liverpool, it now appears, was not the only town where the same condition confronted the contractors and their men. From smaller cities and towns all over the country came protests of the same character, and it was apparent to the national officials that some remedy must be found. They realized that should the custom be permitted to spread, soon there would be no large contractors and every man would be in for himself. This state of affairs could have but one result—wages would be anything but uniform, and the organization would not be of sufficient importance among other trades unions to be worthy the name.

There was only one course to pursue, and that was a change in the constitution to cover the matter. This was done at once in the shape of an amendment, the text of which was submitted to the membership throughout the country. The new section provided that all contractors employing no journeymen should connect themselves with the local union, and that no contracts should be taken for less than a certain amount in excess of the regular day wage. This would be \$2.25 in East Liverpool. It also made it mandatory for one-man contractors to work by the day.

When the returns were canvassed from the more than one thousand locals it was found that barely 100 had voted against it. East Liverpool was one of these. The clause was made part of the constitution in due time, and it now appears that the union here proposes to violate this provision.

Each of the larger contractors in this city were some time ago provided with a card certifying that he was the employer of union men. These were issued many months ago and in accordance with a former settlement the individual contractors were denied the privilege of holding them.

It is said the East Liverpool local, No. 165, proposes, on May 1, to furnish these men with cards. If they do there will be trouble, say the big contractors. This latter class hold to the claim that this is the only protection they have at present, and if the determination of 165 is carried out, they might as well quit business. They are at a loss to understand why such action should be taken, since a great majority of journeymen—members of the union—would be affected to a great degree if the plan is adopted.

RIVER BUSINESS GREAT

Boats Arriving in This City Yesterday Were Loaded to the Gunns.

The arrival of the steamers Kanawha and Ben Hur in close proximity Sunday afternoon occasioned the assembling of a large crowd at the

wharf. Some were there to meet friends, some to bid farewell to departing ones, but the majority were there simply sightseeing, and the sights which met their gaze were interesting to say the least.

Both boats were loaded to the guns with freight and passengers. Several hundred bunches of hoop poles were deposited on the wharf for local pottery firms, besides tons of other freight. The Kanawha had nearly 100 passengers and a goodly amount of freight, but in this the Ben Hur excelled her, having freight stored in every conceivable place aboard her. On every deck and in the hole space was crowded with all kinds of freight. That the packets are doing a paying business was certainly evidenced by the enormous consignments aboard yesterday.

Captain Gus Martindill states that freight traffic at this time of the year was never better at East Liverpool or points down the river. He expects the business to continue until low water which generally comes in June or July.

CLERKS' BANQUET

PROGRAM ARRANGED FOR AN ENJOYABLE EVENT.

A Fine Entertainment to Be Provided. Large Attendance Expected.

The committee of arrangements has completed every detail for the joint banquet and entertainment to be given tomorrow night by the Retail Clerks' Union No. 133 and the organization composed of grocery and butcher clerks. The affair will be held in the rooms of No. 133, and promises to be one of the most enjoyable functions of the season.

The attendance will be restricted to members of the two organizations, with the exception of the wives of members, who are expected to be present. Invitations have been issued to the merchants.

The program has just been completed. J. E. Anderson, president of No. 133, will have charge of affairs, and the following numbers will be rendered:

Address of welcome, Henry Schwilber; selection, High school quartette; address, "My Idea of Organization," Elijah W. Hill; bass solo, Clyde McEl Hamilton; recitation, Ruby Appel; solo, Kate McKeever; recitation, Lillian Heakin; solo, Prof. Blount; recitation, Prof. Omohundro; solo, Margaret Baxter; selection, High school quartette.

The program completed, the company will repair to the banquet hall, where the remainder of the evening will be spent in feasting.

NEW CENTURY CLUB

Held An Interesting Meeting and Discussed the Works of George Eliot.

An interesting meeting of the New Century club was held Saturday afternoon at the home of Mrs. W. H. Riley, Pennsylvania avenue. The members responded to roll call as usual, with quotations. The works of George Eliot was the study of the afternoon. Mrs. Chapman had prepared a paper upon "Woman as Novelist," but was unable to be present and it was read by Mrs. Riley. It was splendidly written and showed that George Eliot was probably the greatest novelist that ever lived. An interesting discussion upon the work of the writer followed. A paper was drawn up by the club which is to be presented to Miss Minta McLane, the retiring librarian of the public library. The paper expressed the club's gratitude for the kindness shown its members in their work along literary lines. The next and last meeting of the club will be held May 10, with Miss Newell, of the Southside, as hostess.

Pension for a Snake Bite.

Cary S. Hargrave, of Smithfield, late of the Ninth United States infantry and One Hundredth United States volunteers, gets a \$6 pension through the Steubenville claim agency. The soldier was bitten by a venomous snake and the claim was first rejected because of no precedent, there being no case on the records just like it. The agency insisted successfully that the poison virus impaired the blood and circulation and produced a pensionable degree of permanent disability.

A Total of 18 Offenders Taken In Charge by Peace Guardians.

ON SATURDAY EVENING

The Fun Started With a Raid on "Pokey" Hines' Establishment.

SALOON OF W. H. THOMPSON

And That of Stella Mears Received Attention on Sunday—The Offenders to Appear Tonight and Take Their Medicine—Features of the Raids.

Before Mayor Davidson at 7 o'clock this evening will appear 18 alleged transgressors of the law. One will answer to a charge of keeping a gambling room, two to a charge of unlawfully keeping open a saloon on Sunday and the remainder to a charge of loitering.

In pursuance of the instructions given by the mayor Friday afternoon Chief Thompson and the police decided to keep a close watch on saloons and suspected gambling joints on Saturday night and Sunday, and their vigil was not in vain. The first offenders apprehended were found in a poker room located over Thompson's saloon in the Midway. "Pokey" Hines, the proprietor of the room, and nine visitors were in the haul made by Chief Thompson and Officers Morris and Dawson. The officers made the raid at 10 o'clock Saturday night and state that they caught them red-handed, but had some difficulty in forcing an entrance.

The trio of officers, after reaching the door leading to the poker joint, gently knocked for admittance. Their knocks were for a time unheeded and not until they made a threat of kicking in the door did the proprietor open. He stood for the appearance of himself and visitors, and all were released.

Sunday morning at 9:30 o'clock Morris unassisted pulled W. H. Thompson's saloon in the Midway. Thompson was not present at the time and the charge was made against the bartender, Charles Parker. Five loiterers were in the place, but were released when Parker agreed to stand good. Officer Morris did not enter the saloon in making the raid. He simply waited on the outside near the door with a book and pencil in his hands and took names as the men were leaving the place.

Chief Thompson and Officers Dunn and Salsberry shortly after noon went to the rear of Stella Mears' saloon on Broadway and made an entrance by simply turning a knob. It required no knock, signal or key. Only one visitor was found, and although he was not caught in the act of drinking, the police think they have a good case against Stella, and are very jubilant over the fact, as hitherto she has foiled every attempt to pull the place. Many complaints originated about her resort and the police have tried numerous times to get evidence against it.

For being drunk and using profane language in the Diamond last evening Edward Cassidy was arrested by Officer Mahoney. He was arraigned before the mayor this morning and given the customary \$1 and costs.

Taylor Delegates Elected.

Delegates who will vote for Hon. R. W. Taylor for congress were elected by Mahoning Republicans at the primaries Saturday. The county ticket will be: Probate judge, J. Calvin Ewing; sheriff, James M. Thomas; clerk of courts, J. Howard Edwards; county treasurer, Frederick Hartenstein; county commissioner, Warren H. Kale; infirmary director, George Jordan. It is probable that Wm. R. Graham will secure the nomination for prosecuting attorney.

Pleasant Heights Won.

A hotly contested game of base ball was played Saturday between the Pleasant Heights team and a club calling themselves the Lisbon Roads. The game had not progressed far, however, until the former team demonstrated its superior skill in every way. But five innings were played, at the end of which the score stood 15 to 5 in favor of Pleasant Heights.

The Kanawha had nearly 100 passengers and a goodly amount of freight, but in this the Ben Hur excelled her, having freight stored in every conceivable place aboard her. On every deck and in the hole space was crowded with all kinds of freight. That the packets are doing a paying business was certainly evidenced by the enormous consignments aboard yesterday.

Captain Gus Martindill states that freight traffic at this time of the year was never better at East Liverpool or points down the river. He expects the business to continue until low water which generally comes in June or July.

CLERKS' BANQUET

PROGRAM ARRANGED FOR AN ENJOYABLE EVENT.

A Fine Entertainment to Be Provided. Large Attendance Expected.

The committee of arrangements has completed every detail for the joint banquet and entertainment to be given tomorrow night by the Retail Clerks' Union No. 133 and the organization composed of grocery and butcher clerks. The affair will be held in the rooms of No. 133, and promises to be one of the most enjoyable functions of the season.

The attendance will be restricted to members of the two organizations, with the exception of the wives of members, who are expected to be present. Invitations have been issued to the merchants.

The program has just been completed. J. E. Anderson, president of No. 133, will have charge of affairs, and the following numbers will be rendered:

Address of welcome, Henry Schwilber; selection, High school quartette; address, "My Idea of Organization," Elijah W. Hill; bass solo, Clyde McD. Hamilton; recitation, Ruby Appel; solo, Kate McKeever; recitation, Lillian Heakin; solo, Prof. Blount; recitation, Prof. Omohundro; solo, Margaret Baxter; selection, High school quartette.

The program completed, the company will repair to the banquet hall, where the remainder of the evening will be spent in feasting.

NEW CENTURY CLUB

Held An Interesting Meeting and Discussed the Works of George Eliot.

An interesting meeting of the New Century club was held Saturday afternoon at the home of Mrs. W. H. Riley, Pennsylvania avenue. The members responded to roll call as usual, with quotations. The works of George Eliot was the study of the afternoon. Mrs. Chapman had prepared a paper upon "Woman as Novelist," but was unable to be present and it was read by Mrs. Riley. It was splendidly written and showed that George Eliot was probably the greatest novelist that ever lived. An interesting discussion upon the work of the writer followed. A paper was drawn up by the club which is to be presented to Miss Minta McLane, the retiring librarian of the public library. The paper expressed the club's gratitude for the kindness shown its members in their work along literary lines. The next and last meeting of the club will be held May 10, with Miss Newell, of the Southside, as hostess.

Pension for a Snake Bite.

Cary S. Hargrave, of Smithfield, late of the Ninth United States infantry and One Hundredth United States volunteers, gets a \$6 pension through the Steubenville claim agency. The soldier was bitten by a venomous snake and the claim was first rejected because of no precedent, there being no case on the records just like it. The agency insisted successfully that the poison virus impaired the blood and circulation and produced a pensionable degree of permanent disability.

A Total of 18 Offenders Taken In Charge by Peace Guardians.

ON SATURDAY EVENING

The Fun Started With a Raid on "Pokey" Hines' Establishment.

SALOON OF W. H. THOMPSON

And That of Stella Mears Received Attention on Sunday—The Offenders to Appear Tonight and Take Their Medicine—Features of the Raids.

Before Mayor Davidson at 7 o'clock this evening will appear 18 alleged transgressors of the law. One will answer to a charge of keeping a gambling room, two to a charge of unlawfully keeping open a saloon on Sunday and the remainder to a charge of loitering.

In pursuance of the instructions given by the mayor Friday afternoon Chief Thompson and the police decided to keep a close watch on saloons and suspected gambling joints on Saturday night and Sunday, and their vigil was not in vain. The first offenders apprehended were found in a poker room located over Thompson's saloon in the Midway. "Pokey" Hines, the proprietor of the room, and nine visitors were in the haul made by Chief Thompson and Officers Morris and Dawson. The officers made the raid at 10 o'clock Saturday night and state that they caught them red-handed, but had some difficulty in forcing an entrance.

The trio of officers, after reaching the door leading to the poker joint, gently knocked for admittance. Their knocks were for a time unheeded and not until they made a threat of kicking in the door did the proprietor open. He stood for the appearance of himself and visitors, and all were released.

Sunday morning at 9:30 o'clock Morris unassisted pulled W. H. Thompson's saloon in the Midway. Thompson was not present at the time and the charge was made against the bartender, Charles Parker. Five loiterers were in the place, but were released when Parker agreed to stand good. Officer Morris did not enter the saloon in making the raid. He simply waited on the outside near the door with a book and pencil in his hands and took names as the men were leaving the place.

Chief Thompson and Officers Dunn and Saulsbury shortly after noon went to the rear of Stella Mears' saloon on Broadway and made an entrance by simply turning a knob. It required no knock, signal or key. Only one visitor was found, and although he was not caught in the act of drinking, the police think they have a good case against Stella, and are very jubilant over the fact, as heretofore she has foiled every attempt to pull the place. Many complaints originated about her resort and the police have tried numerous times to get evidence against it.

For being drunk and using profane language in the Diamond last evening Edward Cassidy was arrested by Officer Mahoney. He was arraigned before the mayor this morning and given the customary \$1 and costs.

Taylor Delegates Elected.

Delegates who will vote for Hon. R. W. Taylor for congress were elected by Mahoning Republicans at the primaries Saturday. The county ticket will be: Probate Judge, J. Calvin Ewing; sheriff, James M. Thomas; clerk of courts, J. Howard Edwards; county treasurer, Frederick Hartenstein; county commissioner, Warren H. Kale; infirmity director, George Jordan. It is probable that Wm. R. Graham will secure the nomination for prosecuting attorney.

Pleasant Heights Won.

A hotly contested game of base ball was played Saturday between the Pleasant Heights team and a club calling themselves the Lisbon Roads. The game had not progressed far, however, until the former team demonstrated its superior skill in every way. But five innings were played, at the end of which the score stood 15 to 5 in favor of Pleasant Heights.

EAST END CHAPTER OF ACCIDENTS

YOUNG MAN BADLY INJURED BY A DOG'S BITE.

A Base Ball Player And a Wrestler Hurt—Boy Steps on a Nail.

Clarence Hamilton, a well known young man residing in the East End, was bitten on the left leg by a dog last Friday. The injury threatens to cause him much trouble. The bite was a rather large one and the attending physician states that it will be necessary to cut a large piece of flesh from his leg. The operation is to be performed in a few days.

A new ball bat was the cause of a young man residing near Fairview having his head cut open yesterday. A son of Dr. Dawson, of Fairview, had the bat in his hand and in company with Paul Hays was playing ball. A ball was thrown at young Dawson, which he missed, but not the head of young Hays, who was struck over the eye, inflicting a deep cut which required several stitches to bring the broken skin together. Neither boy will play ball for a while.

Another misfortune occurred to Harry Herbert Saturday. He was walking along Erie street and stepped on a nail, which went through his shoe and into the fleshy part of his foot. The injury is a painful one.

It will be several weeks before Charles Ross and Robert Jones will wrestle again. Saturday the boys were wrestling, while young Jones held a small knife in his hand. During the scrimmage the knife was accidentally run into the hand of Ross, cutting him rather deeply on the left hand. Both boys reside in Calhoun addition.

PROPERTY ENDANGERED

By a Brush Fire Which Called Out the East End Department.

Because some small boys started a fire on the river bank near the trestle, east of Ralston crossing, at 6 o'clock Saturday evening, the East End fire department was called upon to extinguish the flames. The fire burned considerable brush along the river bank and set fire also to the dry grass on the north side of the street railway tracks, endangering the property of Mr. Donovan and the new residence being built by Councilman Willard B. Thomas.

The fire was soon extinguished under the supervision of Captain Terrence, of the East End station.

Christian Mission Opened.

A mission has been opened in the East End by the Christian church of East Liverpool and a church is likely to be built in this part of the city by this denomination. The first meeting was held in the Larkins & Ferguson hall yesterday afternoon and was a Sunday school service. The attendance was quite large. After the Sunday school service was held, at which an address was made by Rev. J. W. Gorrell. Similar services will be held by this congregation every Sunday afternoon.

R. L. Andrews a Visitor.

Robert L. Andrews, general manager of several divisions of the Eastern Ohio Traction company, of Cleveland, was in the East End yesterday visiting his parents. Mr. Andrews was formerly general superintendent of the East Liverpool Railway company. He returned to his home at Cleveland this morning.

Oakland vs. Klondike.

The base ball season was opened at Columbian park Saturday afternoon by a game between the Oakland A. C. and the Klondikes. The former club won the game by a score of 21 to 17. The Oakland club will play another game with the Married Men of the East End next Saturday afternoon on the same grounds.

New Policeman at Work.

The boys of the East End will be on their good behavior from now on. The East End policeman, Jay Fisher, begins his work this evening.

Uhrichsville's Newly Elected Mayor Suddenly Returns After a Week's Absence.

Uhrichsville, April 28.—Charles E. Klein, the new Democratic mayor-elect, after nearly a week's absence has arrived from Zanesville and was in attendance at the special meeting of the town council, where he took the oath of office.

Klein was to have been sworn in at regular council meeting last Monday night, and had made all arrangements for it, but on the eve of his installation he failed to put in his appearance. Messengers were sent to look for him, but he could not be found. His disappearance caused quite a sensation and numerous rumors were afloat. Nothing was learned of his whereabouts until Thursday, when he was located at a hotel in Zanesville.

The recent election was a very bitter contest and Klein was elected by a majority of 67, he being the first Democratic mayor elected to office since 1884.

Klein is a member of the firm of Helms & Klein, well known druggists. He stated this morning that he went away because the election was forced on him and, having other business to attend to, did not think he could do justice to both.

Guevarra's Men Moved to Samar Coast by Gen. Grant—Other Forces Give Up.

Manila, April 28.—General Frederick D. Grant's expedition in the gunboats Baseo and Florida, several steam launches and native lighters, has ascended the Gandara river, in the island of Samar, and has brought the insurgent leader, Guevarra, and his entire command down to the coast. Guevarra's command consists of Rafael Sebastian, Abaki and 38 other officers, 189 men and 161 rifles. Three hundred insurgents with 131 rifles were expected to arrive at Catbalogan, Samar, yesterday to surrender formally to the American authorities.

Three hundred bolomen, 28 of them armed with rifles, surrendered Saturday at Sulat, also in Samar.

SONS OF THE REVOLUTION.

Convention to Assemble—Clinton's Grave to Be Marked.
Washington, April 28.—Arrangements have been practically completed for the national congress of the Sons of the American Revolution, which assembles in this city Wednesday. The sessions of the congress will be held at the New Willard hotel. The arrival of delegates has commenced. President General Walter Seth Logan, of New York, arrived in Washington Saturday, and several others from various parts of the country have registered at hotels.

While the congress does not assemble until Wednesday, a ceremony of considerable interest will be held Tuesday at Congressional cemetery, when a committee of distinguished New York delegates will visit the cemetery for the purpose of placing one of the society markers at the grave of General George Clinton, an aide to General Washington in planning his campaigns, first governor of New York, and twice vice president of the United States. He died in this city and was interred at Congressional cemetery in 1812. A monument was placed at the grave by the state of New York. A floral offering from the White House will be placed on the grave and the marker will be put in position with simple ceremony, no speeches being made and no services being held.

WILL GOMPERSTALK?

Asked to Go to Wheeling to
Face Shaffer-Flynn to
Return Today.

WILL GOMPERS BE LET SPEAK?

Asserted Saturday They Would Not
Hear Flynn—Will They Hear His
Chief?—A Disastrous Labor Split
Not Improbable.

Wheeling, W. Va., April 28.—A famous labor controversy, in which President Samuel Gompers, of the American Federation of Labor, and President Theodore Shaffer, of the Amalgamated Association of Iron, Steel and Tin Workers, have played the star roles, bids fair to have its climax today or tomorrow at sessions of the national convention of the latter organization now in progress in this city.

T. H. Flynn, a national organizer of the federation, came to Wheeling late last week and made a bitter attack upon Shaffer and answering the charges the latter had made against Gompers. On Saturday Flynn left the city, supposedly for Pittsburgh, but his friends of the Tighe faction assert he will return today and again demand the floor of the convention, not only for himself, but for his chief, Gompers, as well, for it leaks out that Gompers has been asked to come here today to co-operate with his representative. It was supposed Gompers would arrive from Washington early this morning. Whether the Shaffer faction, which asserted Saturday that Flynn would never be accorded the privilege of the floor of the convention, will have the temerity to refuse to grant a hearing to their chief, Gompers, is not known, for it is known to but few that Gompers has been asked to come here today. The quarrel has become very bitter, and it would not be surprising if the Shaffer people declined to grant Gompers a hearing. The situation is decidedly critical, and unless the cooler heads prevail a disastrous labor split is not among the improbabilities. The conservative element hopes to be able to patch up at least the semblance of peace between Shaffer and Gompers, but that the task is one presenting many difficulties is not gainsaid.

Two Reports Likely On the Scale.

At today's session of the convention the several standing committees will make their reports, most important of which will be that of the wage scale committee. Both majority and minority reports will be presented, the majority recommending ratification of the scales negotiated by Shaffer and his cabinet with constituent companies of the United States Steel corporation, and the latter, while not objecting to the terms of the scales, registering their constitutional objections and recommending that all future scales be based on recommendations to be made by the convention itself.

The fight for the presidency continues in much the same condition, but the visit of Gompers and Flynn and the showing Shaffer will make in confronting them doubtless will have a decisive influence one way or the other. Should Shaffer meet defeat in his clash with the chief of the federation, Assistant Secretary Tighe doubtless will succeed to the presidency, but on the other hand, in the event of Shaffer coming well out of that fight, his prestige will have increased and his election to succeed himself will be a certainty.

Paris, April 28.—Paris has not elected a single ministerialist to the chamber of deputies. Eight Nationalists, six anti-ministerialist Socialists, four anti-ministerialist Republicans and three Conservatives were returned. It was the worst defeat the government has ever sustained in Paris. The ministerialists lost four seats and another new constituency was won by the Nationalists. The

Flourens (Progressist), M. Mesureur (Radical Socialist), a retiring deputy, was replaced by M. Syveton (Nationalist). Reballoting will occur in 29 districts.

The Nationalists, however, suffered a severe check in Algiers, where M. Drumont, the notorious anti-Semite, was turned out by a majority of 900.

Among the prominent deputies re-elected to the chamber are Count Boni de Castellane, department of Basses-Alpes; M. Ribot (Republican), from the district of Saint-Omer, department of Pas de Calais; M. Mellé (Progressist), from the district of Remiremont, department of Vosges, and M. MUNICIPAL REFORM.

NATIONAL LEAGUE MEETS IN
BOSTON IN MAY.

George W. Guthrie to Discuss the
Political Overthrow in
Pittsburg.

Philadelphia, April 28.—The program of the eighth annual meeting of the National Municipal league and the tenth national conference for good city government, to be held at Boston, May 7, 8 and 9, has been completed.

The president of the league, James C. Carter, of New York, will preside at the several sessions of the meeting, except on Thursday evening, when he makes his annual address, on which occasion the Hon. Charles Francis Adams will preside.

Among the features of the program is a discussion of the franchise question and the referendum, with papers on the Boston, Chicago, Philadelphia, Cleveland and Detroit situations. Those contributing papers to this series are F. H. Clement, editor of the Boston Transcript; George C. Sikes, secretary of the Chicago street railway commission; Charles Richardson, vice president of the Philadelphia Municipal league, and Superintendent E. W. Bemis, of the Cleveland water works.

The secretary of the league, Clinton Rogers Woodruff, of Philadelphia, will review the year's developments in municipal affairs in an address entitled "A Year's Municipal Progress." The subject of uniform municipal accounting and statistics will form the topic of one whole session's discussion.

The Friday sessions will be held at the Harvard university, at the special invitation of the university. In the morning the Pittsburgh political overthrow will be discussed by George W. Guthrie, of that city, who was chairman of the citizens' committee.

The New York situation will be discussed by Dr. Albert Shaw, the editor of the Review of Reviews, and former District Attorney Philbin will present a paper on "A Non-Partisan Administration." Prof. J. H. Beale, of Harvard, will discuss "Charter Legislation in New England."

RUSSIAN PEASANTS RIOTING.

Reported by Saturday to Have Sacked
80 Estates—Cabinet Ministers
Threatened.

St. Petersburg, Saturday, April 26.—The peasants in the Poltav and Kharkoff provinces, where 18,000 are reported to be participating in riots, have already sacked 80 estates, where they destroyed everything they could not carry off. The whole region is terrorized, and land owners and stewards are fleeing for safety. The fear is increasing that Kharkoff and other towns will be attacked. Some of the authorities are showing weakness and pusillanimity, while others are cruelly vigorous and are causing wholesale floggings of persons arrested.

The agitation at Moscow is so serious that the czar has relinquished his intention of spending the Russian Easter there.

The ministers, including M. De Witte, the minister of finance, continue to receive letters threatening them with death.

Probable Program in House.

Washington, April 28.—There is a miscellaneous program ahead for the house this week. Today the special rule for consideration of the omnibus public building bill will be devoted to District of Columbia business. Tuesday the omnibus bill will be passed. Wednesday consideration of the agricultural appropriation bill will be resumed, and after it is disposed of the District of Columbia appropriation bill will be taken up and probably passed before the end of the week. With its passage only two appropriation bills will remain to be acted on by the house—the naval and general deficiency bills. Seldom have the appropriation bills been so well advanced at a long session of congress as they are this year.

CONDITION OF CUMMINGS.

Baltimore, April 28.—At 1 o'clock this morning Congressman Cummings was said to be resting comfortably. No change is reported in his condition.

U. S. TROOPS TO REMAIN.

Root Says 800 Men Will Guard Mun-
itions, Etc., For U. S. Naval
Stations, in Cuba.

Miami, Fla., April 28.—Secretary of War Root and Mrs. Root and their daughter arrived here from Cuba yesterday afternoon on board the government yacht.

Regarding the trip, Secretary Root said:

"My visit to Cuba was for the purpose of arranging for the transfer of the island to the Cuban government on May 20. Seven artillery companies, consisting of 800 men, will remain in charge of the guns, ammunition, etc., which will be retained in Cuba for the United States naval stations which have been arranged for in the treaty with the Cuban government. The troops will be stationed at Havana, Santiago and Cienfuegos." The secretary said that no claim had been made by the United States for the settlement of the sums expended in freeing Cuba, but that the matter will be taken up when the Cuban government shall have been perfected. The party were to leave at once for Washington.

Cough Remedy.

Mr. Arthur Chapman, writing from Durban, Natal, South Africa, says: "As a proof that Chamberlain's Cough Remedy is a cure suitable for old and young, I pen you the following: A neighbor of mine had a child just over two months old. It had a very bad cough and the parents did not know what to give it. I suggested that if they would get a bottle of Chamberlain's Cough Remedy and put some upon the dummy teat the baby was sucking it would no doubt cure the child. This they did and brought about a quick relief and cured the baby." This remedy is for sale by Alvin H. Bulger.

NOTICE TO REPUBLICANS.

Notice is hereby given to the Republican
electors of the Eighteenth Congressional
District of Ohio that a delegate convention
to place in nomination a candidate for Repre-
sentative in Congress will be held at

Alliance, May 8, 1902,

at 11 o'clock a. m. delegates will be elected
in the several counties composing said dis-
trict on the basis of the Republican vote
cast for President in 1900, viz: 1 delegate
for each 100 votes and fraction thereof in

A resolution has been adopted by
the legislature providing that the
question of a constitutional amend-
ment, giving the governor the veto
power, be submitted to the electors of
Ohio in 1903. There will be plenty of
time for the voters to consider the
question and to decide it wisely
and properly. Ohio is one of
the very few states whose governors
have not the right to disapprove bills
that have passed the legislature. The
governor of this, the greatest state in
the union, is now little more than an
executive clerk. By virtue of his office
he is commander-in-chief of the mil-
itia of the state, and the power con-
ferred upon him in this position is far
greater than any he exercises in his
executive capacity. The governor may
recommend legislation and the legis-
lature may or may not act upon his rec-
ommendation. He has no power to
estop legislation, no matter how vi-
cious or obnoxious it may be. That he
should have such power, we believe,
is a proposition which every thought-
ful person will concede.

A little knowledge is a dangerous
thing. A traveling man who pos-
sessed hypnotic power put a boy to
sleep at Pottsville, Pa., and the boy died.
At La Salle, Ill., an amateur
hypnotist put a whole family to sleep.
All slept four days, despite his efforts
to awaken them. Finally two of the
children were aroused, but at last ac-
counts three persons were still sleep-
ing. There ought to be a law against
any person practicing hypnotism un-
less he has first received a physician's
diploma. Hypnotic power is as dan-
gerous as a revolver in the hands of
those who don't know how to use it.

And now a scientist has arisen who
predicts that wireless telegraphy will
send the ocean cables to the scrap
heap in the next five years. Of course
the land wires will go with them and
the poles can be sold to toothpick and
match factories. East Liverpool can
have an updown telegraph office; the
linemen will incur no perils, and—
well, the list of possibilities is decid-
edly longer than that of probabilities.

If anybody succeeds in lassoing the
beef trust, it will be Republicans. The
Democrats, as usual, rail at the trust
without making an effort to check its
practices. If more legislation is need-
ed to smash the combination, Republi-
cans will provide it. The Democrats
are not able to offer even a useful sug-
gestion.

South Carolina is soon to suffer
again from the disease known as Till-
man on the stump.

Elkins, W. Va., has had two chiefs
of police shot and killed within a year,

and the third recently had a narrow
escape from the same fate. Elkins
will soon become one of those rare
communities where the office seeks
the man.

The annual distribution of govern-
ment buildings in Ohio has occurred.
As usual East Liverpool is not on the
list, while half a dozen towns that will
not reach East Liverpool's importance
in half a century are conspicuous.

While April breezes prevail one
needs not be a Santos Dumont to
construct a flying machine. Here-
abouts, in the past few days, almost
any old machine that was not chained
down would fly.

No sooner was General Funston
placed under orders to keep quiet than
numerous Democratic editors and
statesmen began jumping on him. They
did not dare do it while he could de-
fend himself.

The steel trust has a plan for sav-
ing \$10,000,000 a year. The capacity,
of these trusts is astonishing. Other
people would be content with saving
half that sum in the same time.

An eastern railroad has determined
to put a ban on the practice of throw-
ing rice on bridal couples while on
its trains or at its stations. It is a
shrewd bid for patronage.

So far the wind, to all outward ap-
pearance, has accomplished more than
the city authorities in clearing the
streets of waste paper and other lit-
ter.

OBITUARY.

Isabella C. Gallagher.

Miss Isabella C. Gallagher, aged
about 31 years, daughter of Mrs. Cath-
erine Gallagher, of East Market street,
died at the home of Mrs. John Lister,
on Sixth street, at 11:40 o'clock today.
She had been ill for five days, and
death was due to a complication of
trouble. The arrangements for the
funeral are not completed.

She is survived by her mother, and
John Gallagher, of Salem; Frank and
Charles Gallagher, of this city; Peter
Gallagher, and Mrs. Mary Earley, of
Hazelton, Pa.; and Mrs. John Lister, of
this city. Miss Gallagher was secre-
tary of warehousewomen's Local No.
62, and recording secretary of the
Ladies' Auxiliary of Division No. 1,
A. O. H.

Isaac N. Burbick.

Isaac N. Burbick, aged 55, dropped
dead at the home of his brother, Thom-
as Burbick, on Commerce street,
Wellsville, Saturday evening at 9
o'clock. He formerly resided in East
Liverpool and was an insurance agent.
A stroke of apoplexy caused death. Mr.
Burbick was born in Wayne township,
and had resided in Columbiana county
most of his life. He was married
twice, his first wife having died sever-
al years ago. To this union
two children were born. Besides
these he leaves his second wife and
one child. The funeral was held at 2
o'clock this afternoon. Interment was
at Spring Hill.

Edward Marion.

Edward Marion, aged 31 years, died
Saturday at his home on West Fourth
street, after a six weeks' illness of
dropsy combined with a complication
of diseases. He moved to this city from
Murdocksville, Washington county, Pa.
For the past ten years he has been em-
ployed in the warehouse of the Wallace
& Chetwynd pottery. A wife and two
small children, a brother, Fred, and
five sisters, Lizzie and Anna, of Steu-
benville, Mrs. Agnes Cunningham, of
Tilleville; Mrs. Washington Baker,
East Liverpool, and Mrs. James Know-
les, of Shippingport, are his survivors.

Mrs. Rosina Pfaffenbach.

Mrs. Rosina Pfaffenbach died Sun-
day evening at 5 o'clock at her home
in Wellsville. She is survived by
three daughters, Mrs. Charles Moore
and Miss Callie, of Wellsville, and
Mrs. Fremont Hale, of Toronto. She
was a native of Germany. The fu-
neral will take place from the late
home tomorrow at 2 p. m., Rev. L. C.
Wells officiating.

Mrs. Pfaffenbach was 75 years old
and had lived in Wellsville 30 years.
Her husband, John Pfaffenbach, died
about three years ago.

W. C. Thompson.

William C. Thompson, aged 43 years,
one of the best known residents of the
East End, died at his home on Penn-
sylvania avenue yesterday at 4:30 p.
m. He had been ailing for almost a
year. For 17 years he operated a dai-
ry. The funeral services, conducted
by Rev. George W. Orcutt, will be
held Wednesday afternoon at 2 o'clock,
interment being made at Riverview.
He is survived by a wife and one child.

Gertrude Kane.

Miss Gertrude Kane, daughter of Mr.
and Mrs. John Kane, residing in Dixon-
ville, died at an asylum at Massillon
last Thursday, and was buried here on
Saturday. She was taken to Massillon
only a few weeks ago.

POTTERY NEWS

I. W. VanFossen, of New Brighton,
a salesman for the National, was in
the city Saturday. While riding on a
train recently Mr. Van Fossen encoun-
tered a few cinders, one of which lodg-
ed in his eye. The member became
very sore, and the gentleman was com-
pelled to remain in a dark room for
three days. His eye is now much im-
proved.

The story published in this paper
several weeks ago relative to the re-
duction in the selling price of foreign
made ware was read with more than
passing interest. While no official an-
nouncement has been made there is a
belief on the part of many that the
American manufacturer will meet any
decrease in the foreign list, thus hold-
ing the trade of this country which
so rightfully belongs here. Some of
the most important changes in the for-
eign selling list are quoted as follows:
White granite reduced from a discount
of 55-5 and 5 to 60-5 and 5, a net de-
crease of 11 per cent. White semi-
porcelain reduced from 50-5 and 5 to
52 1-2-5 and 5, a net decrease of 5 per
cent. Cheap printed dinner ware re-
duced from 42 1-2 5 and 5 to 45 5 and 5,
a net decrease of 4 1-3 per cent. White
thirlds reduced from 65 5 and 5 to 67
1-2 5 and 5, a net decrease of 7 per
cent. The former price on American
white granite was practically identi-
cal with the English price plus duty.
The English price is 11 per cent lower,
with equally advantageous freight
rates to all points in the country, and
more favorable freight rates to many
points, notably the Atlantic and Pacific
coasts, and all points in the middle
west adjacent to the Missouri river.

The Trenton Potteries company will
in the future discontinue the manu-
facture of general ware which was begun
several years ago at the Crescent pot-
tery, one of the plants controlled by
the syndicate. The move has been the
result of an effort of the company to in-
crease the capacity of the Ideal pot-
tery, which is devoted exclusively to
the manufacture of solid porcelain
ware. Since the concern began the
manufacture of porcelain ware, this
industry has reached such broad pro-
portions that it was found necessary
to look for larger quarters. In a short
time the Equitable pottery will be de-
voted exclusively to this line of ware
and the sanitary articles now being
manufactured at the plant will be made
at the Crescent pottery. Several ad-
ditions will be made to the Equitable
plant, including a number of new kilns.
The Trenton Potteries company, after
the changes are made, will devote its
plants exclusively to the manufacture
of sanitary and porcelain ware.

One matter which will be consid-
ered near the close of the Trenton con-
vention bids fair to arouse much in-
terest. This will be the selection of
a meeting place for next year. When
the convention is held in the west
there is always a great saving in rail-
road expenses. There is no doubt that
the meeting could be brought to the
west year after year, owing to the
increased number of Brotherhood
members hailing from points west of
the Alleghenies. It will be remembered
the eastern question was one of the
most important considered at the last
convention, and it was decided by the
potters of the west that Trenton was
the logical location for the meeting
this year. The sacrifice was made and
no one regrets it. The convention will
likely come west next year. Among
the cities which have been suggested
are East Liverpool, Wheeling, Akron,
Sebring and Steubenville.

A Trenton trade paper in speaking
of the Brotherhood convention which
will be held there soon, says that Tren-
ton will be represented at the conven-
tion by delegates from four locals, rep-
resenting a membership of about 1,200
persons. The article also states that
the objections raised by many Trenton
potters to becoming members of the
Brotherhood on account of the head-
quarters being in East Liverpool are
fast disappearing, as the perfect meth-
ods of the national officers are fast
winning favor in the east.

An improvement has been made at
the Buckeye which will be of benefit
to the dippers and kilnmen. It con-
sists of a number of shelves built in
the dipping house to accommodate dif-
ferent kinds of ware which heretofore
was set on boards laid on the floor.
The shelves are built so that all kinds
of steak dishes, bakers and wappers
can be bunged up.

The new sagger being made at the
Laughlin No. 2 is the largest ever sag-
ger ever made. The circumference of
the drum is 58 inches, six inches lar-
ger than the ordinary ever sagger.
Last Monday the firm gave the order,
but the workmen refused to comply
until it was known whether the extra
10 cents was forthcoming. The firm
later ordered the big sagger made at
the price asked.

tional kiln and rebuilt a small one
since last April.

Local union No. 19, which has been
meeting on Thursday evening for sev-
eral weeks, will meet this evening in
special session, but no other meeting
will be held until Thursday of next
week. The meeting tonight is for the
purpose of considering convention resolu-
tions.

Joseph Chetwynd, who was for some
time general manager of the Wallace
& Chetwynd plant of the East Liver-
pool Potteries company, has embarked
in the modeling business. He has open-
ed an office on Third street.

Dimmer Wheatley, jiggerman at the
Laughlin No. 2, has been ill for several
weeks. He is no wable to be out. He
is arranging to take a trip to New
Mexico, for the benefit of his health.
He will start within a few weeks.

C. Scudder Cook, a former pottery
manufacturer at Trenton, has filed a
petition in bankruptcy. His indebted-
ness is placed at \$26,544.91, with assets
of \$10,000 of which \$5,500 is subject
to a mortgage.

John Horton, foreman of the decorat-
ing department of the Sebring pottery,
who is in East Liverpool for medical
treatment, is convalescing. During
his absence Thomas A. Speidel is act-
ing foreman.

Kilnmen's local No. 9, at its last
meeting elected three new delegates
to trades and labor council. They are
Aaron Coleman, Richard Herbert and
William Cuthbert. One candidate was
obligated.

Neal Laird, formerly employed on
the biscuit end at the Union but for
several weeks employed at the Ameri-
can China at Toronto, returned to this
city Saturday. He will not go back to
Toronto.

James Jenks, who has been working
on the glost bench at the Union, has
resigned his position, and will be suc-
ceeded by Daniel Fitzgerald, who has
been working at Burford's.

Andrew Wilson, a salesman for the
National, who has been in the west for
several months, has returned to the
city. He expects to make another trip
within a few weeks.

William Hartford, superintendent of
the Churchville clay works, has sev-
ered his connection therewith and has
become identified with a plant at Wal-
ker.

James Brock, a glost kilnman for-
merly employed at the Burford, is now
located on the glost end at Brunt's.

WELLSVILLE

TAX ON POLES

WELLSVILLE PROPOSES TO MAKE THEM LESS PLENTIFUL.

Hereafter Each Telegraph and Telephone Pole Erected Will Bring the City \$1.

By an act of the city council all telegraph and telephone companies are hereafter to be assessed by the city \$1 per pole for each pole erected in the corporate limits of Wellsville. This matter was suggested to the city solons by Councilman Brannon, who held that this action would avoid the erection of so many unnecessary poles within the city limits.

The matter was brought about by a kick which was registered before council by W. G. Stewart, who resides at the corner of Fifth street and Broadway, and who states that one of the telephone companies have placed two poles in front of his residence, where one pole would answer the purpose. This matter was left in the hands of the pole committee to investigate.

If many more of these matters are brought before council it is thought that the different telegraph and telephone companies will be assessed \$1 for each pole already erected within the city limits.

BROADWAY PARK

It is to Have Shade Trees Planted and Other Improvements Made.

The city park on Broadway, which has not heretofore been given much attention in the way of being kept in good shape, is soon to be sown with grass seed and in other ways put into a respectable condition.

Forty young poplar trees, averaging from 10 to 12 feet in length are to be planted, having been ordered by the city council from the Carrollton nursery at a cost of 75 cents per tree. The planting is to be done by the nursery people.

This will add greatly to the appearance of the city. It is the intention of council to have more attention paid to this park than has heretofore been given.

TWO ARRESTS MADE

Charges of Drunkenness And Disorder Lodged Against Prisoners at City Jail.

One plain drunk, John O'Brien, of Pittsburg, registered Saturday evening and took lodging for a day at the jail to sober up. He was arrested by Officer Davis, who is on the force only temporarily. He will be given a hearing some time today and will probably be assessed the customary amount of \$1 and costs.

Frank McConaughy, of Toronto, was arrested on Sunday evening by Officer Davis. He will have to face a similar charge and will be given a hearing today.

AT THE THEATER

Frederic Murphy comes to the Grand next Thursday evening as the leading man of the successful and "laughiest" of all comedies, "The Girl From Chili." Murphy's quaintness, his natural methods and his ability have placed him at the head of his profession in his own line of work—high class comedy. There isn't another comedian on the stage who has a larger following than this young man.

Contractors Take Notice.

Until Monday, the 5th day of May, at 6 o'clock p. m., sealed bids may be left with the undersigned for the grading of the five school lots at the corner of Ambrose avenue and Riley avenue, in Bradshaw's addition, in accordance with plans and specifications prepared by city engineer.

Work must be commenced immediately after contract is let and pushed as rapidly as weather will permit. Right reserved to reject any or all bids.

Superstitions About Babies.

The Manx people believe that it will dwarf or wizen a baby if any one steps over it or walks around it. In some parts of England people bind the infant's right hand, so that it may have riches when it grows up. In Yorkshire a newborn babe is placed in a maiden's arms before being touched by any one else in order to insure good luck.

In South America a book, a piece of money and a bottle of liquor are placed before the infant the day it is one year old to ascertain its bent in life.

In Scotland a baby is considered lucky if it handles its spoon with its left hand, and it will be perfectly happy and successful if it has a number of falls before its first birthday. In the north of England, when a child is taken from a house for the first time, it is given an egg, some salt and a small loaf of bread and occasionally a small piece of money to insure it against coming to want.

Former Perfumes.

Our forefathers were great people for scents and perfumes, fragrant herbs and spices, and the astonishing amount of seasoning they put with the simplest dishes prepares one for almost any combination. When to make a cherry tart they found it necessary to make a sirup of cinnamon, ginger and "sawnders" and to add rosewater to the icing, one can imagine how they set to work to cook a moromant. Perhaps if we remind our readers that many chambers were provided with "drafts" which occasionally required cleaning and that rushes took the place of carpets they will realize one of the reasons for the use of perfumes. "Sweet waters" were occasionally sprinkled under the rushes in great houses or for revels or on the mattresses and bedding.—Good Words.

Playing Wagner Upside Down.

A London paper tells a story of Wagner in the days of his youth and poverty calling upon Rossini in Paris and noticing "a little composition" of his own on the piano rack. The reply of Rossini when it was pointed out to him that the music was upside down was perhaps hardly up to the best form of "the polite Frenchman." "You see, I found it sounded better that way."

Bill Nye's compliment to Wagner was in a happier vein. He told the great composer that he had no doubt his music was really much better than it sounded.—London Speaker.

Mrs. Youngwed—Yes; Mr. Youngwed didn't feel at all well this morning, so I just made him stay home from the office.

Mrs. Naybor—Indeed! I notice all your carpets are up and your back shed's painted and—

Mrs. Youngwed—Yes; I got Mr. Youngwed to do all that while he was home today.—Philadelphia Press.

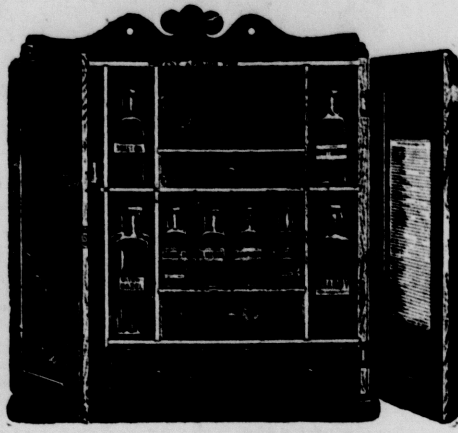

More Than Tragic.

"You played nothing but tragedies," said the friend.

"They were worse than tragedies," answered Mr. Stormington Barnes as he stopped figuring his expense account. "They were financial catastrophes."—Washington Star.

THE QUESTION OF BONDS

Arousing Much Interest Among the People of Chester.

Residents of Chester at the present time are very much agitated over the probable results of the special election to be held on the first day of May. On the street corners, in the stores, postoffice and around the family hearth the question of issuing bonds for the paving of Carolina avenue and First street is the predominating topic of discussion. The property owners living on Carolina avenue have met several times to discuss the question. There appears to be much opposition. According to the city ordinance 60 per cent of the voters are compelled to vote for a bond issue before it can be ordered.

THE ADVANCE IN OIL

Means Much to the Producers of Hancock County—New Wells.

Oil has recently gone up five cents on the barrel and is at the present time worth \$1.20. There is a large production in Hancock county, and this fact means considerable to the producers. Another large well was drilled in by Murray & Miller, of New Cumberland, on the Carson farm recently. It is good for from 50 to 100 barrels per day.

Charles A. Smith's well on the Cunningham farm which was drilled in last Wednesday, is the best he has brought in on that property, and is good for about 20 barrels a day.

CHESTER NOTES.

Miss Georgia Hobbs, of First street, is now clerking in the Chester grocery.

Miss Ola Robb, of Fairview, is visiting her sister, Mrs. David Gregory, Indiana avenue.

Wilbert Mercer is very ill at his home on First street. He is threatened with pneumonia.

The new business building which is being built by John Thompson on First street, is nearly completed. It will be ready for occupancy within a few days.

Sale of School.

On Tuesday, the 6th day of May, the Board of Education will dispose of the building known as the "Bradshaw School" at the premises at 1 o'clock p. m. at public sale. Subject to terms and conditions as to removal of the building and further use of the same for school purposes to be announced at the sale. Right reserved to reject any or all bids.

William Shakespeare.

What point of morals, of manners, of economy, of philosophy, of religion, of taste, of the conduct of life, has he not settled? What mystery has he not signified his knowledge of? What office or function or district of man's work has he not remembered? What king has he not taught state, as Talma taught Napoleon? What maiden has he not found him finer than her delicacy? What lover has he not outlived? What sage has he not outseen? What gentleman has he not instructed in the rudeness of his behavior?—Ralph Waldo Emerson.

"Well, not in specific terms, but I think that what he said justified me in hitting him."

"What did he say?"

"I can't remember the exact words, but he pointed to an advertisement of mud baths and suggested that I take the kind of a fellow who would take to them naturally."—Chicago Post.

WELLSVILLE

TAX ON POLES

WELLSVILLE PROPOSES TO MAKE THEM LESS PLENTIFUL.

Hereafter Each Telegraph and Telephone Pole Erected Will Bring the City \$1.

By an act of the city council all telegraph and telephone companies are hereafter to be assessed by the city \$1 per pole for each pole erected in the corporate limits of Wellsville. This matter was suggested to the city solons by Councilman Brannon, who held that this action would avoid the erection of so many unnecessary poles within the city limits.

The matter was brought about by a kick which was registered before council by W. G. Stewart, who resides at the corner of Fifth street and Broadway, and who states that one of the telephone companies have placed two poles in front of his residence, where one pole would answer the purpose. This matter was left in the hands of the pole committee to investigate.

If many more of these matters are brought before council it is thought that the different telegraph and telephone companies will be assessed \$1 for each pole already erected within the city limits.

BROADWAY PARK

It is to Have Shade Trees Planted and Other Improvements Made.

The city park on Broadway, which has not heretofore been given much attention in the way of being kept in good shape, is soon to be sown with grass seed and in other ways put into a respectable condition.

Forty young poplar trees, averaging from 10 to 12 feet in length are to be planted, having been ordered by the city council from the Carrollton nursery at a cost of 75 cents per tree. The planting is to be done by the nursery people.

This will add greatly to the appearance of the city. It is the intention of council to have more attention paid to this park than has heretofore been given.

TWO ARRESTS MADE

Charges of Drunkenness and Disorder Lodged Against Prisoners at City Jail.

One plain drunk, John O'Brien, of Pittsburg, registered Saturday evening and took lodging for a day at the jail to sober up. He was arrested by Officer Davis, who is on the force only temporarily. He will be given a hearing some time today and will probably be assessed the customary amount of \$1 and costs.

Frank McConaughy, of Toronto, was arrested on Sunday evening by Officer Davis. He will have to face a similar charge and will be given a hearing today.

There isn't another comedian on the stage who has a larger following than this young man.

Superstitions About Babies.

The Manx people believe that it will dwarf or wizen a baby if any one steps over it or walks around it. In some parts of England people bind the infant's right hand, so that it may have riches when it grows up. In Yorkshire a newborn babe is placed in a maiden's arms before being touched by any one else in order to insure good luck.

In South America a book, a piece of money and a bottle of liquor are placed before the infant the day it is one year old to ascertain its bent in life.

In Scotland a baby is considered lucky if it handles its spoon with its left hand, and it will be perfectly happy and successful if it has a number of falls before its first birthday. In the north of England, when a child is taken from a house for the first time, it is given an egg, some salt and a small loaf of bread and occasionally a small piece of money to insure it against coming to want.

Former Perfumes.

Our forefathers were great people for scents and perfumes, fragrant herbs and spices, and the astonishing amount of seasoning they put with the simplest dishes prepares one for almost any combination. When to make a cherry tart they found it necessary to make a sirup of cinnamon, ginger and "sawnders" and to add rosewater to the icing, one can imagine how they set to work to cook a couraunt. Perhaps if we remind our readers that many chambers were provided with "drafts" which occasionally required cleaning and that rushes took the place of carpets they will realize one of the reasons for the use of perfumes. "Sweet waters" were occasionally sprinkled under the rushes in great houses or for revels or on the mattresses and bedding.—Good Words.

Playing Wagner Upside Down.

A London paper tells a story of Wagner in the days of his youth and poverty calling upon Rossini in Paris and noticing "a little composition" of his own on the piano rack. The reply of Rossini when it was pointed out to him that the music was upside down was perhaps hardly up to the best form of "the polite Frenchman." "You see, I found it sounded better that way."

Bill Nye's compliment to Wagner was in a happier vein. He told the great composer that he had no doubt his music was really much better than it sounded.—London Speaker.

Sweet Sympathy.

Mrs. Naybor—Indeed! I notice all your carpets are up and your back shed's painted and—

Mrs. Youngwed—Yes; I got Mr. Youngwed to do all that while he was home today.—Philadelphia Press.

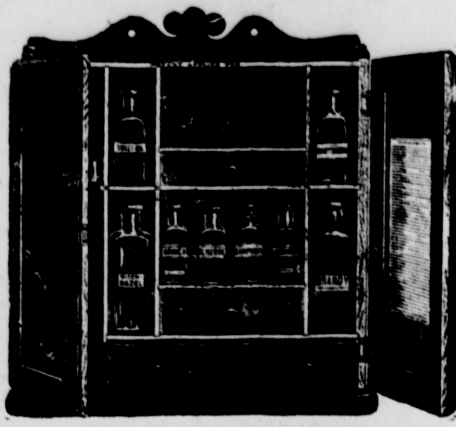

More Than Tragic.

"You played nothing but tragedies," said the friend.

"They were worse than tragedies," answered Mr. Stormington Barnes as he stopped figuring his expense account. "They were financial catastrophes."—Washington Star.

THE QUESTION OF BONDS

Arousing Much Interest Among the People of Chester.

Residents of Chester at the present time are very much agitated over the probable results of the special election to be held on the first day of May. On the street corners, in the stores, postoffice and around the family hearth the question of issuing bonds for the paving of Carolina avenue and First street is the predominating topic of discussion. The property owners living on Carolina avenue have met several times to discuss the question. There appears to be much opposition. According to the city ordinance 60 per cent of the voters are compelled to vote for a bond issue before it can be ordered.

THE ADVANCE IN OIL

Means Much to the Producers of Hancock County—New Wells.

Oil has recently gone up five cents on the barrel and is at the present time worth \$1.20. There is a large production in Hancock county, and this fact means considerable to the producers.

Another large well was drilled in by Murray & Miller, of New Cumberland, on the Carson farm recently. It is good for from 50 to 100 barrels per day.

Charles A. Smith's well on the Cunningham farm which was drilled in last Wednesday, is the best he has brought in on that property, and is good for about 20 barrels a day.

BOTTLED SUNSHINE

NATURE'S GREAT FACTORY IN WHICH
 IS PRODUCED COAL.

A Lump of the Mineral Tells Its In-
 teresting Million Year History in
 a Few Words—A Wonderful Process
 of Evolution.

Your life to mine is as a second to a
 thousand years. I will let you know
 that in my time I have seen such sights
 as would make you gasp in astonish-
 ment. Once, in untold ages past, long
 before man had appeared on this old
 world, I was alive. Yes, the dirty old
 piece of coal was a living thing in those
 dim, distant ages. A thing of beauty,
 too—a thing to be admired. I was a
 fern. Not such a paltry thing as you
 decorate your homes with and grow in
 little earthenware affairs. My trunk
 alone measured five feet across.

Yet I was nothing out of the ordinary.
 In those days there were many little
 plants forty feet or so in height. Every
 bit of coal you toss about in such
 heedless fashion once was a living
 plant—a plant which grew and flour-
 ished, even as your plants of today
 grow and flourish. But in these de-
 generate days plants are poor, feeble
 little things. Plants were plants in
 those days. We had no petted and
 pampered ferns. We had no houses of
 glass, artificially kept warm so that
 the poor little dears shouldn't get cold.
 Those were the days of real ferns, of
 healthy ferns free from all newfangled
 nonsense about fertilizers and soils and
 aspects and such childish weaknesses.

In those early days the earth was not
 as it is today. It was hotter, for it
 had cooled from a globe of molten rock.
 Its atmosphere was heavy with warm
 vapors; close and oppressive, you would
 call it, but it just suited us, as we grew
 and luxuriated in it. The earth's crust
 was thin and heaved about, gradually
 raising vast continents from the bed of
 the sea and slowly dragging others
 deep into the ocean. It was a time of
 vast changes.

I grew on the muddy banks of a great
 pool of water, which was fed by slug-
 gish streams and bordered by mon-
 strous reeds. On the other side stretch-
 ed a vast swamp and a dark forest of
 tangled vegetation. For hundreds of
 miles there was no break to this forest
 beyond a few bogs and pools of brackish
 water. The sun shone hot upon me, so
 no wonder I grew well in this humid
 atmosphere. Then there were frightful
 storms, when mighty trees were flung
 down and swept by floods to the bottom
 of the pool. This had gone on ages be-
 fore I appeared above ground; it went
 on ages after. The result was that the
 bottom of the pool was a mass of fallen
 trees. The newly felled trees pressed
 on the bottom ones, and after thou-
 sands of years the water, the mud, the
 heat and the pressure turned the
 mighty beds of vegetable matter into
 what you call coal.

In the dense forest it was somewhat

the same. Trees were thrown down
 by hurricanes; fresh ones grew and fell
 victims to storms. So it went on for
 long centuries until the last forest grew
 on the top of a great thickness of bur-
 ied trees, ferns and mosses. Amid this
 exuberant vegetation were many fan-
 tastic and uncouth animals. Round
 about me they made the forest resound
 with their hideous bellowings. They
 were so strangely shaped that I could
 not well describe them to you. Even
 some of the flies had wings half a foot
 long from tip to tip.

One day I saw a commotion in the
 midst of the lake far away from me.
 The bed rose up and belched forth
 steam and ashes and molten rock. In
 the years that followed the fluid rock
 rolled down the sides of the volcano
 into the water below. Mighty clouds
 of steam arose, and as the vapor con-
 densed it fell upon us as warm rain.
 This is why I grew so well and why
 the vegetation around me was so rankly
 luxuriant.

Many years after the land began to
 sink. Slowly it went down; slowly
 the water closed over our heads until
 all the mighty forests were deep under
 the sea. Thus we stopped for count-
 less years, and a heavy bed of sand ac-
 cumulated above us. Then, just as
 slowly, we arose until we formed a
 vast elevated land. Then came other
 forests—trees whose limbs were tan-
 gled with enormous festoons and gar-
 lands of strange climbing plants. Ter-
 rible thunderstorms alone broke the si-
 lence of these wooded solitudes save
 when some mighty fern crashed to the
 ground or when the wind tore down
 young branches and hurled them into
 the swamps.

So all went on anew, as of old, and
 the continent sank once more below
 the waters of the ocean, taking with it
 the beds of buried verdure. Yet again
 it rose, and again it sank. So layer
 upon layer of plants and of sand were
 formed—vast layers, which took ages
 unthinkable to form—until there was a
 depth of 10,000 feet of hard baked wood
 and sand, of coal and dirt. Look at
 me, and you will find that you can
 trace my markings. In every pit you
 can find hundreds of delicate fern
 leaves and mosses as perfect as when
 alive. You can see even the veins of
 the fragile fronds, so beautifully pre-
 served are they. Dirty, old coal, indeed!

It was the sun which made me. I
 absorbed his rays then. When you
 burn me, I give them back again. I
 am a mass of bottled sunshine. Do you
 realize that the fire you watch is the
 sunshine which blazed in those solemn
 forests innumerable ages ago? It is no
 flight of fancy to say that I am bottled
 sunshine; it is a fact.

Ingenuity.

"But," we protested to the general
 manager of the one horse railroad,
 "you advertise fast and slow freights,
 yet you tell us you only run one freight
 train a day. How is that?"

"Well," he answered, "we put the
 fast freight in the front cars, and it
 reaches the town ahead of the slow
 freight."—Baltimore American.

"The Nick of Time."

A Remarkable Analogy.

"You've got to become well acquaint-
 ed with a classical composition," said
 the musical enthusiast, "before you can
 really like it."

"Yes," answered Mr. Cumrox in an
 amiable effort to keep up the conver-
 sation; "it's a good deal the same way
 with a dog."—Washington Star.

The Promoters.

"Let us make the capital stock \$1,
 000,000,000," said the first promoter.

"All right," said the second, who was
 preparing the prospectus on the type-
 writer.

"Will it be hard to increase that cap-
 ital?" asked the first.

"No, indeed. All I have to do is to
 hit the 'O' key a few more times."—

 "If you want to improve your

Wintering in Colorado And Utah.
 The climate of Colorado and Utah
 has long been world famous, but it is
 only within recent years that atten-
 tion has been given to the delightful
 winter climate of these states. To-
 day physicians all over the United
 States send their patients to Colorado
 and Utah to escape the rigors of east-
 ern winters and to benefit by her in-
 vigorating atmosphere and health-giv-
 ing sunshine.

It is not necessary to add an elab-
 orate argument—the conclusion is self-
 evident and inevitable. The winter
 climate of Colorado and Utah on the
 whole presents advantages for the in-
 valid and the pleasure-seeker that can-
 not fail to command attention.

An erroneous impression prevails
 that because the Rocky mountains
 have a high elevation the mercury in
 the thermometer drops down below
 zero in the winter season and stops
 there, and that the snow mounts up
 with the altitude. The fact is that the
 average precipitation of moisture in
 the lowlands of the mountain region
 during the entire year is only 14.15
 inches. With such average precipita-
 tion there is practically no danger of
 snow blockades on the railroads, save
 at a few points exposed to drifts and
 these points have been amply pro-
 tected. This is especially true of the
 lines of the Denver & Rio Grande and
 the Rio Grande Western between Den-
 ver and Ogden at all seasons of the
 year. Facts speak for themselves, and
 the fact is that travel over "The
 Scenic Line of the World" has gone
 on with less interruption from snow
 blockades during the last ten winters
 than it has upon the majority of rail-
 roads in other localities which are
 popularly supposed to be more free
 from such delays than the mountain
 systems. For free illustrated booklet

BETTERMENT OF THE NEGROES

In South and Indians In Arizona,
 Continuance of Work, Among Them,
 Among Subjects to Be Considered.
 Most Important Gathering.

Milwaukee, Wis., April 28.—The
 German Lutheran synodical confer-
 ence of America will convene in St.
 John's church, Milwaukee, July 23.
 This will be the most important
 Lutheran gathering of the year in
 America, and all the synods of the
 country will be represented. The
 conference numbers more than 2,000
 members and is the largest organized
 Lutheran body in America. Rev.
 John Bading, of St. John's church,
 who has been president of the confer-
 ence 18 years, will preside.
 Among the subjects to be consid-

DEATH OF THE REV. DR. BIRCH.

He Was Prosecutor of Rev. Dr.
 Briggs—His Father Lives at
 Claysville, Pa.

New York, April 28.—The Rev. D.
 G. W. F. Birch, pastor of the Bethany
 Presbyterian church, at One Hundred
 and Thirty-seventh street and Willis
 avenue, died at his home, No. 677
 East One Hundred and Thirty-sixth
 street, Saturday morning, as the re-
 sult of heart failure superinduced by
 acute bronchitis.

Dr. Birch was the prosecutor of
 Dr. Briggs at the time of the latter's
 trial for heresy, and was one of the
 best known Presbyterian clergymen
 in America.

He had been ill since Easter Sun-
 day, when he caught cold while
 preaching. He was not, however, con-
 fined to his home until two weeks ago.
 He was attended by Dr. Alexander,
 of No. 5 West Fifty-eighth street; Dr.
 J. W. Edgerly, and Dr. William T.
 Boyd.

The end came peacefully. Dr. Birch
 remaining conscious almost to the
 last and bidding an affectionate fare-
 well to his wife and brothers and sis-
 ters, who were at his bedside.
 Those around him when death came
 were his sister, Mrs. M. E. Pierce;
 his brothers, T. F. Birch, Washing-
 ton; H. B. Birch, Pittsburg, and J. M.
 Birch, of Wheeling, W. Va. His
 father, who is 90 years old, is at his
 home in Claysville, Pa.

Dr. Birch was born in Claysville,
 Pa., on March 26, 1837, and was there-
 fore 65 years old last month. He was
 educated in the public schools and in
 the Washington and Jefferson col-
 lege, at Washington, Pa., and gradu-
 ated as a member of the class of
 1858. He was ordained 40 years ago,
 and two weeks ago preached his anni-
 versary sermon. For 25 years he was
 the pastor of the Bethany Presby-
 terian church.

Dr. Birch was an active member of
 the New York presbytery and took a
 prominent part in its proceedings. He
 was its moderator on two different
 occasions, and for the past several
 years was its stated clerk.

PRAYERS FOR ARCHBISHOP.

Corrigan's Condition Satisfactory
 Sunday Morning—Not to Be
 Made Cardinal.

New York, April 28.—The phys-
 icians in attendance on Archbishop
 Corrigan visited him yesterday about
 10 o'clock and after a consultation
 upon the morning's developments the
 following bulletin was issued:

"The archbishop's condition is in
 all respects satisfactory.
 (Signed) "E. L. Keyes,
 "Francis A. Delafield."

Father Curley, Archbishop Corri-
 gan's secretary, said the patient's
 condition was so far improved that
 the doctors had decided to add to his
 diet of kumys small portions of
 broth, salads and beef.

At St. Patrick's cathedral Father
 Patrick McAleer, who delivered the
 sermon at high mass, announced
 from the pulpit to the satisfaction of
 the large number present the hope-
 ful condition of the prelate and de-
 livered a prayer for his speedy re-
 covery.

From the pulpits throughout the
 city prayers were offered for the arch-
 bishop's speedy recovery.

Referring to a cablegram from
 Rome, printed yesterday, that the
 pope had dictated letters to the
 American bishops with a view to
 making Archbishop Corrigan a car-
 dinal, Father Curley said the report
 was not true.

The West Still the Place For Ambitious Young Men

By CHARLES N. HERREID, Governor of South Dakota

ALL the western states have been settled by young
 men, for it is these naturally who find less pain and
 discomfort in breaking home ties. The loss of
 such men from the ranks of the east is a decided
 gain for the west. Youth is at all times the bone
 and sinew of a country.

THEODORE ROOSEVELT OUT ON HIS DAKOTA CATTLE
 RANCH ILLUSTRATES THE TYPE I MEAN—THE YOUNG MAN OF
 FEARLESSNESS, INTEGRITY, AMBITION, ENERGY—CONQUERING
 EVERYTHING FROM A COW PONY TO A GRIZZLY.

The qualities which lent distinction to his personality and com-
 manded the respect of his cowboys and the others around him,
 whom he yet never patronized, are the very qualities which have
 made him the eastern man of destiny and elevated him to his high
 position.

It is the unlimited variety of opportunity which the field beyond
 the Mississippi offers to ambition and effort that brings about a
 large number of so called successes in life. A MAN OF ENERGY
 HAS NOT ONE FIELD, BUT A HALF DOZEN, OPEN TO
 HIM. IF HE IS NOT A SUCCESSFUL RANCHER, HE
 MAY BECOME A MERCHANT OR A MINER. There are
 openings for men of intelligence in all lines. Selection of a busi-
 ness or profession is governed by personal adaptability or liking.

In a cramped, overcrowded city men must, perforce, unless they
 are possessed of unusual energy or influence, move in beaten tracks.
 After a time the irksomeness of doing something for which he has
 no love wears upon a man. Doubtless in the end it kills hope and
 deadens ambition.

THE EQUIPMENT OF A MAN CUT OUT FOR SUCCESS IS NOT,
 THEN, A MATTER OF LATITUDE AND LONGITUDE, BUT OF
 OPPORTUNITY. THIS THE WEST OFFERS TO ALL.

BOTTLED SUNSHINE

NATURE'S GREAT FACTORY IN WHICH
 IS PRODUCED COAL.

A Lump of the Mineral Tells Its In-
 teresting Million Year History in
 a Few Words—A Wonderful Pro-
 cess of Evolution.

Your life to mine is as a second to a
 thousand years. I will let you know
 that in my time I have seen such sights
 as would make you gasp in astonish-
 ment. Once, in untold ages past, long
 before man had appeared on this old
 world, I was alive. Yes, the dirty old
 piece of coal was a living thing in those
 dim, distant ages. A thing of beauty,
 too—a thing to be admired. I was a
 fern. Not such a paltry thing as you
 decorate your homes with and grow in
 little earthenware affairs. My trunk
 alone measured five feet across.

Yet I was nothing out of the ordinary.
 In those days there were many little
 plants forty feet or so in height. Ev-
 ery bit of coal you toss about in such
 heedless fashion once was a living
 plant—a plant which grew and flour-
 ished, even as your plants of today
 grow and flourish. But in these de-
 generate days plants are poor, feeble
 little things. Plants were plants in
 those days. We had no petted and
 pampered ferns. We had no houses of
 glass, artificially kept warm so that
 the poor little dears shouldn't get cold.
 Those were the days of real ferns, of
 healthy ferns free from all newfangled
 nonsense about fertilizers and soils and
 aspects and such childish weaknesses.

In those early days the earth was not
 as it is today. It was hotter, for it
 had cooled from a globe of molten rock.
 Its atmosphere was heavy with warm
 vapors; close and oppressive, you would
 call it, but it just suited us, as we grew
 and luxuriated in it. The earth's crust
 was thin and heaved about, gradually
 raising vast continents from the bed of
 the sea and slowly dragging others
 deep into the ocean. It was a time of
 vast changes.

I grew on the muddy banks of a great
 pool of water, which was fed by slug-
 gish streams and bordered by mon-
 strous reeds. On the other side stretch-
 ed a vast swamp and a dark forest of
 tangled vegetation. For hundreds of
 miles there was no break to this forest
 beyond a few bogs and pools of brackish
 water. The sun shone hot upon me, so
 no wonder I grew well in this humid
 atmosphere. Then there were frightful
 storms, when mighty trees were flung
 down and swept by floods to the bottom
 of the pool. This had gone on ages be-
 fore I appeared above ground; it went
 on ages after. The result was that the
 bottom of the pool was a mass of fallen
 trees. The newly felled trees pressed
 on the bottom ones, and after thou-
 sands of years the water, the mud, the
 heat and the pressure turned the
 mighty beds of vegetable matter into
 what you call coal.

In the dense forest it was somewhat
 the same. Trees were thrown down
 by hurricanes; fresh ones grew and fell
 victims to storms. So it went on for
 long centuries until the last forest grew
 on the top of a great thickness of bur-
 ied trees, ferns and mosses. Amid this
 exuberant vegetation were many fan-
 tastic and uncouth animals. Round
 about me they made the forest resound
 with their hideous bellowings. They
 were so strangely shaped that I could
 not well describe them to you. Even
 some of the flies had wings half a foot
 long from tip to tip.

One day I saw a commotion in the
 midst of the lake far away from me.
 The bed rose up and belched forth
 steam and ashes and molten rock. In
 the years that followed the fluid rock
 rolled down the sides of the volcano
 into the water below. Mighty clouds
 of steam arose, and as the vapor con-
 densed it fell upon us as warm rain.
 This is why I grew so well and why
 the vegetation around me was so rank-
 ly luxuriant.

Many years after the land began to
 sink. Slowly it went down; slowly
 the water closed over our heads until
 all the mighty forests were deep under
 the sea. Thus we stopped for count-
 less years, and a heavy bed of sand ac-
 cumulated above us. Then, just as
 slowly, we arose until we formed a
 vast elevated land. Then came other
 forests—trees whose limbs were tan-
 gled with enormous festoons and gar-
 lands of strange climbing plants. Ter-
 rible thunderstorms alone broke the si-
 lence of these wooded solitudes save
 when some mighty fern crashed to the
 ground or when the wind tore down
 young branches and hurled them into
 the swamps.

So all went on anew, as of old, and
 the continent sank once more below
 the waters of the ocean, taking with it
 the beds of buried verdure. Yet again
 it rose, and again it sank. So layer
 upon layer of plants and of sand were
 formed—vast layers, which took ages
 unthinkable to form—until there was a
 depth of 10,000 feet of hard baked wood
 and sand, of coal and dirt. Look at
 me, and you will find that you can
 trace my markings. In every pit you
 can find hundreds of delicate fern
 leaves and mosses as perfect as when
 alive. You can see even the veins of
 the fragile fronds, so beautifully pre-
 served as they. Dirty, old coal, indeed!

It was the sun which made me. I
 absorbed his rays then. When you
 burn me, I give them back again. I
 am a mass of bottled sunshine. Do you
 realize that the fire you watch is the
 sunshine which blazed in those solemn
 forests innumerable ages ago? It is no
 flight of fancy to say that I am bottled
 sunshine; it is a fact.

 manager of the one horse railroad,
 "you advertise fast and slow freights,
 yet you tell us you only run one freight

 "Well," he answered, "we put the
 fast freight in the front cars, and it
 reaches the town ahead of the slow
 freight."—Baltimore American.

Wintering in Colorado And Utah.

The climate of Colorado and Utah
 has long been world famous, but it is
 only within recent years that atten-
 tion has been given to the delightful
 winter climate of these states. To-
 day physicians all over the United
 States send their patients to Colorado
 and Utah to escape the rigors of eastern
 winters and to benefit by her in-
 vivigating atmosphere and health-giv-
 ing sunshine.

It is not necessary to add an elabo-
 rate argument—the conclusion is self-
 evident and inevitable. The winter
 climate of Colorado and Utah on the
 whole presents advantages for the in-
 valid and the pleasure-seeker that can-
 not fail to command attention.

An erroneous impression prevails
 that because the Rocky mountains
 have a high elevation the mercury in
 the thermometer drops down below
 zero in the winter season and stops
 there, and that the snow mounts up
 with the altitude. The fact is that the
 average precipitation of moisture in
 the lowlands of the mountain region
 during the entire year is only 14.15
 inches. With such average precipita-
 tion there is practically no danger of
 snow blockades on the railroads, save
 at a few points exposed to drifts and
 these points have been amply pro-
 tected. This is especially true of the
 lines of the Denver & Rio Grande and
 the Rio Grande Western between Den-
 ver and Ogden at all seasons of the
 year. Facts speak for themselves, and
 the fact is that travel over "The
 Scenic Line of the World" has gone
 on with less interruption from snow
 blockades during the last ten winters
 than it has upon the majority of rail-
 roads in other localities which are
 popularly supposed to be more free
 from such delays than the mountain
 systems. For free illustrated booklet

New York Republican Committee Told Price Would Decrease.

MEAT MAGNATES TO MEET.

Attorney General Davies and Committee of a New York Republican Club—Influx of Grass-Fed Cattle Will Bring Relief.

New York, April 28.—Relief is promised definitely from the present abnormal prices of meats, and within a month they will have reached nearly or exactly their former normal level. This statement was to appear in The Press today, which also was expected to say:

"The promise of relief was made last (Sunday) night by Ferdinand Sulzberger, one of the 'Big Six,' when he was conferring with the members of the committee of investigation appointed by the Republican club of this city. While this conference was only preliminary to the important one to be held in Washington with all of the meat barons, Mr. Sulzberger felt called on to make some definite promise to the impatient committeemen.

"I can say with assurance," he said when pressed for some promise of relief, "that in a month from now prices will have sought their former level, or close to it, and that that level will be found soon thereafter. I can make that promise, because there will be an influx by that time of the new grass fed cattle from Texas, and with the thousands of them on the market a break in prices is bound to follow."

"It was learned that the conference to be held in Washington will be held next Tuesday in a place not yet selected. As it is to be a secret session the place chosen probably will not be made known in advance. Those at the conference will be G. F. Swift, Ogden Armour, J. Lyman, of Hammond & Co.; Edward Morris, of Nelson Morris & Co.; Michael Cudahy and Ferdinand Sulzberger, of Schwarzschild & Sulzberger. These men will confer in Washington with Attorney General Davies, of this state, and Alfred L. Bullowa, Senator Samuel S. Slater and James W. Hawes, members of the committee appointed by the Republican club to investigate the meat question and assist in prosecution if relief could not be obtained in any other way. It is not believed that Attorney General Knox will be present, as such a proceeding, while he is preparing to prosecute the trust men, would hardly be likely.

J. S. MORTON DEAD.

EX-SECRETARY OF AGRICULTURE DIED AT CHICAGO.

There For Medical Treatment—His Demise Attributed to Cerebral Thrombus.

Chicago, April 28.—Hon. J. Sterling Morton, former secretary of agriculture, died at 4:14 o'clock yesterday afternoon at Lake Forest, at the home of his son, Mark Morton. For several weeks Mr. Morton had been gradually failing. The nature of his illness had not been determined, and a week ago he was brought from his home at Nebraska City, Neb., to Lake Forest for medical attendance. The change brought no improvement, and he failed gradually until death came.

Funeral Services In Lake Forest.

The funeral services will be held at Lake Forest at 2 o'clock tomorrow afternoon, after which the remains will be removed to Mr. Morton's country home at Arbor Lodge, near Nebraska City, where services will be held on Wednesday afternoon. The interment will be at Nebraska City. A special train bearing the remains of Mr. Morton and members of his family and friends will leave Lake Forest at 4 o'clock tomorrow afternoon for Nebraska City.

Death was due to cerebral thrombus. Mr. Morton's illness began several months ago, and in hopes that a change of climate would restore his health he went to the City of Mexico.

accompanied by his son, Paul Morton, vice president of the Santa Fe railroad. Mr. Morton continued to grow worse in the southern country, however, and six weeks ago he returned to his old home in Nebraska. He then came to Chicago, where it was believed he would have better medical attention. After he arrived here he improved somewhat and it was believed for a time that he would entirely recover from his ailment. Last week he suffered a stroke of apoplexy, from which he never recovered. He suffered a second stroke yesterday, and as he had become so weak from his long sickness it proved fatal.

His three sons, Paul Morton, Joy Morton and Mark Morton, were at the bedside when the end came.

Illness Started In Chicago.

Nebraska City, Neb., April 28.—The illness of ex-Secretary Morton dates from last November, when he contracted a severe cold while speaking at the stock show in Chicago. The cold ran into an attack of the grip and Mr. Morton was in a hospital for some time. When he was able to do so, he returned to his home in this city, where he suffered a relapse. After a partial recovery he left, early in March, for the City of Mexico, expecting to regain his health. During his stay in the southern country a disease of the bronchial arteries developed and he returned north. He suffered severely on the return journey and reached his home with his general health much impaired. Three weeks ago Mr. Morton returned to Chicago, with the hope of securing the services of a specialist. The condition of his throat again became aggravated and about a week ago he suffered an attack of apoplexy.

From this last attack he rallied but little. His immediate death, however, according to Dr. Ginn, his local physician, was due to an inflammation of the bronchial arteries.

LADRONE LEADER SURRENDERED

Captain Kennon Said It Meant Opening of Whole of Southern Coast of Negros.

Manila, April 28.—Captain L. W. V. Kennon, of the Sixth Infantry, reported from the island of Negros the surrender of the Ladron leader Rufo, with 158 officers and men of his command, together with 12 guns, 140 bolos, seven spears and a few revolvers and daggers. Captain Kennon said this surrender meant the opening up of the whole of the southern coast of the island of Negros.

After Papa Isio, Rufo was the most important Ladron chief on the island. He promised to force Papa Isio and his few remaining followers to surrender. Papa Isio was appointed colonel in the insurgent army by General Malvar one year ago.

CHOLERA AMONG U. S. SOLDIERS

Mostly Confined to Filipinos and Chinese—1,618 Deaths in Manila and Provinces.

Manila, April 28.—The cholera situation in the islands does not show any improvement. Cholera cases are reported among the American soldiers in the Camarines, provinces of Southern Luzon and elsewhere, but so far few Americans have been attacked, and the disease is mainly confined to natives and Chinamen.

In Manila there have been 555 cases and 449 deaths from cholera, while the provinces report 1,599 cases and 1,169 deaths.

PAISED MILITARY FORCES.

Acting Civil Governor Wright So Did, at Banquet, In Manila.

Manila, April 28.—At a farewell banquet here to the officers of the Ninth Infantry Acting Civil Governor Luke E. Wright paid a glowing tribute to the military forces. He said the army, under circumstances of surprising difficulty, had paved the way for the work of the civil authorities and that only a few cases of friction between the two branches of government had occurred. He said that General Chaffee, whose opinion

might at times have differed from those of the civil authorities, had been a most loyal supporter of civil rule.

SEAMEN'S FRIEND SOCIETY.

Seventy-Fourth Anniversary of American Organization Celebrated in a New York Baptist Church.

New York, April 28.—The American Seamen's Friend society celebrated its seventy-fourth anniversary yesterday at the Fifth Avenue Baptist church, the annual sermon being preached by the pastor, the Rev. Rufus P. Johnston.

The annual report shows that the society has sent out on different vessels 292 loan libraries, the total number of volumes being 12,556, and 3,870 new volumes which were available during the year, to 3,429 seamen. The number of libraries placed on the United States naval vessels and in the United States hospitals has been 1,069, containing 39,919 volumes, and these have been accessible to 125,313 men. In the stations of the United States life saving service are 161 libraries, containing 6,293 books, accessible to 1,315 men.

The annual meeting of the society will be held Monday, May 5, in this city.

PHILIPPINE BILL.

Government Measure to Take Some Time In Senate.

Washington, April 28.—The plans of the senate for the week do not extend beyond the continuation of the debate on the Philippine government bill and consideration of minor matters when there is no one prepared to speak on the Philippine bill. There is no prospect thus far for speeches in support of that measure, and consequently all the talk bids fair to continue to be on the negative side of the question. Up to the present time the speeches all have been made by minority members of the Philippine commission, but it is stated other Democratic senators have promised to lift their voices in opposition to the bill, among them being Messrs. Turner, Clay and Simmons. Senator Hoar also has made known his intention to speak on the bill, but it is not expected that he will be heard during the present week.

He suffered a second stroke yesterday, and as he had become so weak from his long sickness it proved fatal.

Illness Started in Chicago.
Nebraska City, Neb., April 28.—The illness of ex-Secretary Morton dates from last November, when he contracted a severe cold while speaking at the stock show in Chicago. The cold ran into an attack of the grip and Mr. Morton was in a hospital for some time. When he was able to do so, he returned to his home in this city, where he suffered a relapse. After a partial recovery he left, early in March, for the City of Mexico, expecting to regain his health. During his stay in the southern country a disease of the bronchial arteries developed and he returned north. He suffered severely on the return journey and reached his home with his general health much impaired. Three weeks ago Mr. Morton returned to Chicago, with the hope of securing the services of a specialist. The condition of his throat again became aggravated and about a week ago he suffered an attack of apoplexy.

From this last attack he rallied but little. His immediate death, however, according to Dr. Ginn, his local physician, was due to an inflammation of the bronchial arteries.

LADRONE LEADER SURRENDERED

Captain Kennon Said It Meant Opening of Whole of Southern Coast of Negros.

Manila, April 28.—Captain L. W. V. Kennon, of the Sixth Infantry, reported from the island of Negros the surrender of the Ladrone leader Ruffo, with 158 officers and men of his command, together with 12 guns, 140 bolos, seven spears and a few revolvers and daggers. Captain Kennon said this surrender meant the opening up of the whole of the southern coast of the island of Negros.

After Papa Isio, Ruffo was the most important Ladrone chief on the island. He promised to force Papa Isio and his few remaining followers to surrender. Papa Isio was appointed colonel in the insurgent army by General Malvar one year ago.

CHOLERA AMONG U. S. SOLDIERS

Mostly Confined to Filipinos and Chinese—1,618 Deaths in Manila and Provinces.

Manila, April 28.—The cholera situation in the islands does not show any improvement. Cholera cases are reported among the American soldiers in the Camarines, provinces of Southern Luzon and elsewhere, but so far few Americans have been attacked, and the disease is mainly confined to natives and Chinamen.

In Manila there have been 555 cases and 449 deaths from cholera, while the provinces report 1,599 cases and 1,169 deaths.

PRAISED MILITARY FORCES.

Acting Civil Governor Wright So Did, at Banquet, in Manila.

Manila, April 28.—At a farewell banquet here to the officers of the Ninth Infantry Acting Civil Governor Luke E. Wright paid a glowing tribute to the military forces. He said the army, under circumstances of surprising difficulty, had paved the way for the work of the civil authorities and that only a few cases of friction between the two branches of government had occurred. He said that General Chaffee, whose opinion

might at times have differed from those of the civil authorities, had been a most loyal supporter of civil rule.

SEAMEN'S FRIEND SOCIETY.

Seventy-Fourth Anniversary of American Organization Celebrated in a New York Baptist Church.

New York, April 28.—The American Seamen's Friend society celebrated its seventy-fourth anniversary yesterday at the Fifth Avenue Baptist church, the annual sermon being preached by the pastor, the Rev. Rufus P. Johnston.

The annual report shows that the society has sent out on different vessels 292 loan libraries, the total number of volumes being 12,556, and 3,870 new volumes which were available during the year, to 3,429 seamen. The number of libraries placed on the United States naval vessels and in the United States hospitals has been 1,069, containing 39,919 volumes, and these have been accessible to 125,313 men. In the stations of the United States life saving service are 161 libraries, containing 6,293 books, accessible to 1,315 men.

The annual meeting of the society will be held Monday, May 5, in this city.

PHILIPPINE BILL.

Government Measure to Take Some Time in Senate.

Washington, April 28.—The plans of the senate for the week do not extend beyond the continuation of the debate on the Philippine government bill and consideration of minor matters when there is no one prepared to speak on the Philippine bill. There is no prospect thus far for speeches in support of that measure, and consequently all the talk bids fair to continue to be on the negative side of the question. Up to the present time the speeches all have been made by minority members of the Philippine commission, but it is stated other Democratic senators have promised to lift their voices in opposition to the bill, among them being Messrs. Turner, Clay and Simmons. Senator Hoar also has made known his intention to speak on the bill, but it is not expected that he will be heard during the present week.

SECOND DEFEAT LAST SATURDAY

A Poor Exhibition of Baseball Was the Last Game With Winter A. C.

CALLED IN SEVENTH INNING

The Score Then Standing 14 to 9 in the Favor of the Visitors—High Wind Prevailed and Bad Plays Were Many.

The local ball team suffered defeat for the second time at the hands of the Winter Athletic club Saturday afternoon. Both teams were somewhat handicapped by the fierce wind and at the end of the seventh inning the game was called, partially on account of the gale, but specifically because the Pittsburghers had the game won and wanted to leave for their homes on the early evening train.

With McShane, one of the best amateur twirlers that ever resided in East Liverpool, in the box for the visitors, they practically had the game in their hands from the beginning. He worked the locals on his deceptive curves without the least trouble, notwithstanding that they succeeded in batting him out for 10 hits. This was due entirely to the wind, for they only made three clean hits. The game, as a whole, was rank, no creditable plays being made and but seldom was enthusiasm displayed by either the players or the fans. Ashbaugh, the man in the box for the locals, allowed the visitors 15 hits in six innings, and he finally became so commonplace that they went to the bat with the expectancy of landing nothing less than a home run.

East Liverpool started the game with Emmerling, McCarron and Bennett out in rapid succession, McShane showing his dexterity at the beginning. The visitors made five runs in about the same time and so rattled their adversaries that they lost heart and were easy prey during the remaining six innings. In the fourth inning the locals scored two runs, whereas the visitors scored four, and in the fifth it was even worse, the Pittsburghers crossing the plate five times to the locals' once.

Neither side scored in the sixth, but in the seventh the home team made a decided spurt by increasing the total number of runs from 4 to 9. The increase amounted to nothing, how-

ever, as the game was soon over and the visitors were credited with five better.

Charles Reark, of local base ball fame, umpired the game and his decisions were seldom disputed. Charley has many admirers among the fans, all of whom are anxious that he be retained as umpire throughout the season.

Several changes in the East Liverpool infield lineup would have a wonderful effect on the scores of a contesting team.

Ferguson and J. Heckathorn carry the batting honors for the locals in the three games, each having four hits to his credit.

The score:

KNOW YOUR FATE!

Prof. Edwards the Celebrated Psycho-Palmist

Late of London, and famous in New York, is now located in East Liverpool.

He stands at the head of his profession, and does not wish to be measured by any other standard than his own.

He brings hundreds of personal endorsements from great people from all civilized parts of the earth. His experience and knowledge of human life is broad, deep and profound, and when united with his most marvelous power of mediumship, combined with his great knowledge of the most exact sciences, Palmistry, Psychology, Astrology and personal magnetism, makes of him all he claims to be, THE KING OF LIFE READERS.

East Liverpool, like many other cities, has been overrun by persons calling themselves mediums, palmists, etc., who knew nothing of the science they were practicing. Well knowing the responsible position he has taken, he will endeavor to uplift and help place the profession upon a solid foundation here, as he has done in other cities. The time is not far distant when the partially developed palmists and mediums will be driven from all cities, and none but the fittest allowed to remain. He asks those who have been deceived by undeveloped, unscrupulous persons, not to despair. But come at once and be convinced that he can help you.

HE LIFTS THE VEIL OF THE FUTURE

And peers into the mysteries beyond and points out the way to benighted wayfarers. Such blessings are availed of by the wise and prosperous of all nations and climes. Common sense says go and partake of the advantages freely, and in after years you will be spared the saddest of all words, "It might have been." He gives advice on all matters of business, law suits, separations, divorces, tells you whether your friends are true or false, when and whom you are to marry.

NOTICE—Prof. Edwards will have parlors at No. 164 Sixth street. Those wishing to see him will do well by taking advantage of his special offer of \$1 for first ten days. After ten days he will make his regular charge \$2. Cut this ad. out, as it will not appear every day.

Call during the day and avoid the crowd at night.

SECOND DEFEAT LAST SATURDAY

A Poor Exhibition of Baseball Was the Last Game With Winter A. C.

CALLED IN SEVENTH INNING

The Score Then Standing 14 to 9 in the Favor of the Visitors—High Wind Prevailed and Bad Plays Were Many.

The local ball team suffered defeat for the second time at the hands of the Winter Athletic club Saturday afternoon. Both teams were somewhat handicapped by the fierce wind and at the end of the seventh inning the game was called, partially on account of the gale, but specifically because the Pittsburghers had the game won and wanted to leave for their homes on the early evening train.

With McShane, one of the best amateur twirlers that ever resided in East Liverpool, in the box for the visitors, they practically had the game in their hands from the beginning. He worked the locals on his deceptive curves without the least trouble, notwithstanding that they succeeded in batting him out for 10 hits. This was due entirely to the wind, for they only made three clean hits. The game, as a whole, was rank, no creditable plays being made and but seldom was enthusiasm displayed by either the players or the fans. Ashbaugh, the man in the box for the locals, allowed the visitors 15 hits in six innings, and he finally became so commonplace that they went to the bat with the expectancy of landing nothing less than a home run.

East Liverpool started the game with Emmerling, McCarron and Bennett out in rapid succession, McShane showing his dexterity at the beginning. The visitors made five runs in about the same time and so rattled their adversaries that they lost heart and were easy prey during the remaining six innings. In the fourth inning the locals scored two runs, whereas the visitors scored four, and in the fifth it was even worse, the Pittsburghers crossing the plate five times to the locals' once.

Neither side scored in the sixth, but in the seventh the home team made a decided spurt by increasing the total number of runs from 4 to 9. The increase amounted to nothing, however, as the game was soon over and the visitors were credited with five better.

Charles Reark, of local base ball fame, umpired the game and his decisions were seldom disputed. Charley has many admirers among the fans, all of whom are anxious that he be retained as umpire throughout the season.

Several changes in the East Liverpool infield lineup would have a wonderful effect on the scores of a contesting team.

Ferguson and J. Heckathorn carry the batting honors for the locals in the three games, each having four hits to his credit.

19TH YEAR. NO. 100.

EAST LIVERPOOL, O., MONDAY, APRIL 28, 1902.

TWO CENTS.

ADJOURNMENT NOT PROBABLE IN LESS THAN TWO WEEKS

**Balky Senators Will Not Let the
Legislature Quit May
Fifth.**

ANOTHER WARM STRUGGLE

**Is in Sight in the Senate Over the
General Appropriation
Bill.**

OLD COLUMBIANA IN LUCK

**Its Legislators Have Got All the Local
Bills For Which They Have Asked.
Provisions of New Stationary En-
gineers' Law.**

From a Staff Correspondent.

Columbus, April 28.—The prediction that the legislature would not adjourn on May 5 will in all probability be borne out. The balky senators who refuse to sign the house resolution to adjourn on that date are standing pat, and are also bringing down on their heads much severe criticism. It does not take a master mind to figure out what actuates their stand. It is purely for personal reasons, and their childish tactics fill their brethren with much ennui. But for their stubbornness it is probable that the sine die adjournment would have been taken today, but from present indications the legislature will not get away for another two weeks.

Dr. L. F. Cain, of Morgan-Noble, and W. B. Guerin, of Erie, who will without question be returned to the house, two years hence, expect to be candidates for speaker. Cain is a versatile chap and can put the house in an uproar of merriment in two minutes by his spontaneous wit. He is a ready speaker and has a strong following among the members of his party. Guerin is young, but is bright and active. He is quite boyish in appearance and was an ardent supporter of Price during the late speakership fight. The second general appropriation bill comes up in the house on Tuesday. The first one which passed that body after a warm struggle will come in the senate and both will precipitate interesting scenes. It is understood the Democrats will keep up the fight against the bills.

All the measures which Columbiana county was locally interested in have been made laws. As has been stated the East Liverpool bill to merge the public and Carnegie libraries was made a law last Wednesday about the same time as the Wellsville water works bill was rushed through.

The bill to give the St. Clair township residents authority to issue bonds to improve Calcutta road was made a law over a week ago, as were the bills for the relief of County Treasurer Smith and Geo. D. Flugan, of Lisbon. The East Liverpool registration bill and Buell road bills were other measures which went through. Not a single Columbiana county measure failed to pass. This speaks highly for the county and its prestige at the state capital.

The Pollock stationary engineers' law will go into effect on Thursday of this week. The supreme court last Tuesday declared one section of the law unconstitutional, and a bill to cure the defect was rushed through the legislature two days later and the act is now believed to be sound. There are eight districts under the new law, two additional districts being made.

The old districts were too large, and for this reason the state was re-districted. Columbiana county remains in the Fifth district, which takes in all the eastern counties of the state, several counties located in the eastern center of the state being placed in other districts. Deputy Examiner Elmer E. Miller, of Canton, will continue to have charge of the Fifth district and headquarters will remain at Canton. The counties included in the district are Columbiana, Jefferson, Harrison, Stark, Mahoning, Wayne, Medina, Portage, Summit, Trumbull, Geauga, Lake and Ashtabula. The appointments for the stationary engineers' department will be announced in a day or two.

Chief Examiner G. M. Collier will be reappointed by Governor Nash and he in turn will reappoint his present force and also appoint two additional deputy examiners. The new license certificates which the department will

issue are very handsome and are patterned after those used in Chicago and Boston, and if anything are more elaborate. Deputy Miller had engagements at East Palestine and Salem last week, but was unable to keep them on account of being summoned to Columbus. He was to have addressed the engineers of both towns.

The Ohio Society of Mechanical, Electric and Steam Engineers, of which Deputy Miller is president, will meet at Mansfield May 10. Sessions will be held in the morning, afternoon and evening. It was intended originally to restrict the membership to the Fifth district, but this has been changed so as to take in the entire state. The headquarters are at Canton, where annual meetings are to be held. Meetings are also held every three months. Deputy Miller will address a meeting of engineers at Ravenna on Thursday evening, where a movement is on foot to form a branch lodge of the National Association of Stationary Engineers.

AT A LISBON POTTERY

**PRESIDENT HUGHES SETTLED A
NUMBER OF DISPUTES.**

**Wage Questions at the Thomas Plant
Disposed of Without
Difficulty.**

President Hughes paid a visit to the Thomas pottery at Lisbon during the past week, and while there adjusted several small disputes which had arisen in the various departments.

The firm had been paying the biscuit warehouse girls 75 cents per day, and a protest was made. When a conference was had with President Hughes, the regular price, 87½ cents, was agreed upon, and will in the future prevail.

There was some difference of opinion in regard to the dimensions of a jug, and the workmen were unable to secure a satisfactory settlement with the management. This was also referred to the president, who experienced no difficulty in satisfying the firm that the claim of the men was a just one.

Henry Allison has charge of the slip house of this plant, and President Hughes was called upon to look into a protest made by Mr. Allison. At the Thomas pottery there prevails a custom which is in vogue in a great many potteries in the jurisdiction of the Brotherhood—that of leaving the ball clay in the open in order that it may become seasoned. This custom necessitates some additional labor on the part of the clay workers in wheeling the stuff to a point where it can be used. Allison asked extra pay for this work, but failed to get it. The decision of the president was against the slip makers. He held that the same conditions prevailed in a great many other shops, and while the workmen in all of these were protesting until the question was taken up in a general way, nothing could be done. In other words, no decision upon the matter could be had until it was made to apply to all tradesmen working under the same conditions.

PLUNGED IN RIVER

**SUNDAY BALL PLAYERS GOT A
BAD DUCKING.**

**Fled From Chester Officers and Were
Warned to Stay
Away.**

About 18 men and boys from East Liverpool went to Chester in skiffs on Sunday, prepared for a quiet ball game. They took possession of the lot below Pusey's orchard and were preparing to play when Deputy Sheriff O. O. Allison and Chief Hiram Allison appeared.

The men rushed for the river and all piled into the skiff. The skiff sank. The visitors, after a thorough wetting, and a warning to stay away from Chester on Sunday, were allowed to depart.

Promises Much For Irondale

Contracts have been let to equip the sewer pipe plant in Irondale with a complete electric system of lighting. This will be one of the finest plants in this part of the country and promises to revive that town, which has suffered from the removal of the tin mill to Chester.

The largest and best newspaper published in East Liverpool is the News Review.

EMPLOYEES CONFER WITH OFFICIALS

**No Agreement Reached Between
Manager Healy and His
Men.**

SPECIAL MEETING CALLED

**Employees Hold a Six Hour Session
Saturday Night and Heard Proposi-
tion From Company, But It Was Re-
jected—Men Want Better Scale.**

The street railway men of division No. 52 spent six hours Saturday night discussing the new scale. R. L. Reeves, of Pittsburg, a member of the executive board, was the only national officer present. He said the local now had the situation so well in hand that there appeared to be no need of assistance.

The men showed a disposition to accept no scale other than the one originally proposed, unless it be one like that given the Rock Springs men.

President Charles Kontner stated the result of the conference of the executive committee of the local division with L. W. Healy, general manager of the company. The company offered to pay 18 cents an hour for the first six months' service, and 20 cents an hour until the man has been in the service for three years, after which time the company would pay 21 cents an hour. While the report was received, the action of the company was turned down. The committee was instructed to hold another conference with Mr. Healy, and the matter was left in the hands of President Kontner. The conference was to have been held this morning, but the result was not given out. The committee will report at a special meeting Wednesday evening.

FOR TRENTON

**FIRST DELEGATION TO DEPART
ON THURSDAY.**

**National Officers Depart Then—Audit-
ing Committee to Meet
Friday.**

Delegates to the National Convention of Operative Pottery, which will be held at Trenton, commencing next Monday, are preparing themselves for the trip, and the first delegation will leave for Trenton Thursday morning. This delegation will be rather small, and will include President A. S. Hughes, Secretary Thomas J. Duffy, Treasurer John Wood, George Smith, secretary of Kilmen's Local No. 9, and Sheldon Moore. These gentlemen will compose a part of the auditing committee, which will go into session Friday morning, with James Tiffany, J. T. Cotton and J. D. Bradley, of Trenton. The auditing committee will start their work Friday morning, and will continue in session until Saturday afternoon.

On Saturday Harry Hales, of Wheeling, Samuel Crawford, of this city, and John Gould, of East Palestine, will leave for Trenton to attend sessions of the executive board, which will be held before the convention is called to order next Monday. There is quite a lot of work for these two committees to attend to, and their work may occupy more time than is expected.

There is every reason to believe that both Mr. Hughes and Mr. Duffy will be re-elected to their respective positions. So far no names have been heard in this city who are candidates for these offices, and their election for another year is almost assured.

Coming Wedding.

Invitations have been issued announcing the marriage on April 30 of Miss Mina Earl to James H. Smith, of this city. The young lady is the daughter of William Earl, formerly a resident of Salineville.

BOY'S STOLEN RIDE NEARLY PROVES FATAL

While riding on the rear step of A. Galm's delivery wagon little Fred Fox, six-year-old son of John J. Fox, the well known bricklayer, came horribly near meeting his death this morning on Second street. That he was not killed instantly is considered miraculous, he now being at his home on Market street with a crushed skull and his head otherwise fractured. He is in an exceedingly precarious condition.

The boy was innocently enjoying the ride when the horses attached to the wagon stopped abruptly and started

PAINTERS' SCALE AGAIN IN DISPUTE

**Old Controversy About the One
Man Contractor Has
Been Revived.**

VIOLATION OF AGREEMENT

**Of the Division of the National Union,
It Is Said, May Be Attempted Here,
and Trouble Is Quite Likely to Fol-
low.**

If the present plans of the painters' union are carried out, there will be trouble between that organization and the larger contractors on the first of May.

The journeymen last season tried to force the contractors to sign the scale, giving the one-man contractors the same privilege. The bosses hiring painters protested against this, claiming they could not compete with the latter class. It was finally decided to shut out the individual contractors, and the dispute was settled on that basis.

East Liverpool, it now appears, was not the only town where the same condition confronted the contractors and their men. From smaller cities and towns all over the country came protests of the same character, and it was apparent to the national officials that some remedy must be found. They realized that should the custom be permitted to spread, soon there would be no large contractors and every man would be in for himself. This state of affairs could have but one result—wages would be anything but uniform, and the organization would not be of sufficient importance among other trades unions to be worthy the name.

There was only one course to pursue, and that was a change in the constitution to cover the matter. This was done at once in the shape of an amendment, the text of which was submitted to the membership throughout the country. The new section provided that all contractors employing no journeymen should connect themselves with the local union, and that no contracts should be taken for less than a certain amount in excess of the regular day wage. This would be \$3.25 in East Liverpool. It also made it mandatory for one-man contractors to work by the day.

When the returns were canvassed from the more than one thousand locals it was found that barely 100 had voted against it. East Liverpool was one of these. The clause was made part of the constitution in due time, and it now appears that the union here proposes to violate this provision.

Each of the larger contractors in this city were some time ago provided with a card certifying that he was the employer of union men. These were issued many months ago and in accordance with a former settlement the individual contractors were denied the privilege of holding them.

It is said the East Liverpool local, No. 165, proposes, on May 1, to furnish these men with cards. If they do there will be trouble, say the big contractors. This latter class hold to the claim that this is the only protection they have at present, and if the determination of 165 is carried out, they might as well quit business. They are at a loss to understand why such action should be taken, since a great majority of journeymen—members of the union—would be affected to a great degree if the plan is adopted.

RIVER BUSINESS GREAT

**Boats Arriving in This City Yesterday

The arrival of the steamers Kanawha and Ben Hur in close proximity Sunday afternoon occasioned the assembling of a large crowd at the

wharf. Some were there to meet friends, some to bid farewell to departing ones, but the majority were there simply sightseeing, and the sights which met their gaze were interesting to say the least.

Both boats were loaded to the guards with freight and passengers. Several hundred bunches of hoop poles were deposited on the wharf for local pottery firms, besides tons of other freight. The Kanawha had nearly 100 passengers and a goodly amount of freight, but in this the Ben Hur excelled her, having freight stored in every conceivable place aboard her. On every deck and in the hold space was crowded with all kinds of freight. That the packets are doing a paying business was certainly evidenced by the enormous consignments aboard yesterday.

Captain Gus Martindill states that freight traffic at this time of the year was never better at East Liverpool or points down the river. He expects the business to continue until low water which generally comes in June or July.

CLERKS' BANQUET

**PROGRAM ARRANGED FOR AN EN-
JOYABLE EVENT.**

**A Fine Entertainment to Be Provided.
Large Attendance
Expected.**

The committee of arrangements has completed every detail for the joint banquet and entertainment to be given tomorrow night by the Retail Clerks' Union No. 133 and the organization composed of grocery and butcher clerks. The affair will be held in the rooms of No. 133, and promises to be one of the most enjoyable functions of the season.

The attendance will be restricted to members of the two organizations, with the exception of the wives of members, who are expected to be present. Invitations have been issued to the merchants.

The program has just been completed. J. E. Anderson, president of No. 133, will have charge of affairs, and the following numbers will be rendered:

Address of welcome, Henry Schliwer; selection, High school quartette; address, "My Idea of Organization," Elijah W. Hill; bass solo, Clyde McD. Hamilton; recitation, Ruby Appel; solo, Kate McKeever; recitation, Lillian Heakin; solo, Prof. Blount; recitation, Prof. Omohundro; solo, Margaret Baxter; selection, High school quartette.

The program completed, the company will repair to the banquet hall, where the remainder of the evening will be spent in feasting.

NEW CENTURY CLUB

**Held An Interesting Meeting and Dis-
cussed the Works of
George Eliot.**

An interesting meeting of the New Century club was held Saturday afternoon at the home of Mrs. W. H. Riley, Pennsylvania avenue. The members responded to roll call as usual, with quotations. The works of George Eliot was the study of the afternoon. Mrs. Chapman had prepared a paper upon "Woman as Novelist," but was unable to be present and it was read by Mrs. Riley. It was splendidly written and showed that George Eliot was probably the greatest novelist that ever lived. An interesting discussion upon the work of the writer followed. A paper was drawn up by the club which is to be presented to Miss Minta McLane, the retiring librarian of the public library. The paper expressed the club's gratitude for the kindness shown its members in their work along literary lines. The next and last meeting of the club will be held May 10, with Miss Newell, of the Southside, as hostess.

Pension for a Snake Bite.

Cary S. Hargrave, of Smithfield, late of the Ninth United States infantry and One Hundredth United States volunteers, gets a \$6 pension through the Steubenville claim agency. The soldier was bitten by a venomous snake and the claim was first rejected because of no precedent, there being no case on the records just like it. The agency insisted successfully that the poison virus impaired the blood and circulation and produced a pensionable degree of permanent disability.

SALOON OF W. H. THOMPSON

**And That of Stella Mears Received At-

to Appear Tonight and Take Their
Medicine—Features of the Raids.**

Before Mayor Davidson at 7 o'clock this evening will appear 18 alleged transgressors of the law. One will answer to a charge of keeping a gambling room, two to a charge of unlawfully keeping open a saloon on Sunday and the remainder to a charge of loitering.

In pursuance of the instructions given by the mayor Friday afternoon Chief Thompson and the police decided to keep a close watch on saloons and suspected gambling joints on Saturday night and Sunday, and their vigil was not in vain. The first offenders apprehended were found in a poker room located over Thompson's saloon in the Midway. "Pokey" Hines, the proprietor of the room, and nine visitors were in the haul made by Chief Thompson and Officers Morris and Dawson. The officers made the raid at 10 o'clock Saturday night and state that they caught them red-handed, but had some difficulty in forcing an entrance.

The trio of officers, after reaching the door leading to the poker joint, gently knocked for admittance. Their knocks were for a time unheeded and not until they made a threat of kicking in the door did the proprietor open. He stood for the appearance of himself and visitors, and all were released.

Sunday morning at 9:30 o'clock Morris unassisted pulled W. H. Thompson's saloon in the Midway. Thompson was not present at the time and the charge was made against the bartender, Charles Parker. Five loiterers were in the place, but were released when Parker agreed to stand good. Officer Morris did not enter the saloon in making the raid. He simply waited on the outside near the door with a book and pencil in his hands and took names as the men were leaving the place.

Chief Thompson and Officers Dunn and Salsberry shortly after noon went to the rear of Stella Mears' saloon on Broadway and made an entrance by simply turning a knob. It required no knock, signal or key. Only one visitor was found, and although he was not caught in the act of drinking, the police think they have a good case against Stella, and are very jubilant over the fact, as heretofore she has foiled every attempt to pull the place. Many complaints originated about her resort and the police have tried numerous times to get evidence against it.

For being drunk and using profane language in the Diamond last evening Edward Cassidy was arrested by Officer Mahoney. He was arraigned before the mayor this morning and given the customary \$1 and costs.

Taylor Delegates Elected.

Delegates who will vote for Hon. R. W. Taylor for congress were elected by Mahoning Republicans at the primaries Saturday. The county ticket will be: Probate judge, J. Calvin Ewing; sheriff, James M. Thomas; clerk of courts, J. Howard Edwards; county treasurer, Frederick Hartenstein; county commissioner, Warren H. Kale; infirmity director, George Jordan. It is probable that Wm. R. Graham will secure the nomination for prosecuting attorney.

Pleasant Heights Won.

A hotly contested game of base ball was played Saturday between the Pleasant Heights team and a club calling themselves the Lisbon Road. The game had not progressed far, however, until the former team demonstrated its superior skill in every way. But five innings were played, at the end of which the score stood 15 to 5 in favor of Pleasant Heights.

EAST END CHAPTER OF ACCIDENTS

YOUNG MAN BADLY INJURED BY A DOG'S BITE.

A Base Ball Player and a Wrestler Hurt—Boy Steps on a Nail.

Clarence Hamilton, a well known young man residing in the East End, was bitten on the left leg by a dog last Friday. The injury threatens to cause him much trouble. The bite was a rather large one and the attending physician states that it will be necessary to cut a large piece of flesh from his leg. The operation is to be performed in a few days.

A new ball bat was the cause of a young man residing near Fairview having his head cut open yesterday. A son of Dr. Dawson, of Fairview, had the bat in his hand and in company with Paul Hays was playing ball. A ball was thrown at young Dawson, which he missed, but not the head of young Hays, who was struck over the eye, inflicting a deep cut which required several stitches to bring the broken skin together. Neither boy will play ball for a while.

Another misfortune occurred to Harry Herbert Saturday. He was walking along Erie street and stepped on a nail, which went through his shoe and into the fleshy part of his foot. The injury is a painful one.

It will be several weeks before Charles Ross and Robert Jones will wrestle again. Saturday the boys were wrestling, while young Jones held a small knife in his hand. During the scrimmage the knife was accidentally run into the hand of Ross, cutting him rather deeply on the left hand. Both boys reside in Calhoun addition.

PROPERTY ENDANGERED

By a Brush Fire Which Called Out the East End Department.

Because some small boys started a fire on the river bank near the trestle, east of Ralston crossing, at 6 o'clock Saturday evening, the East End fire department was called upon to extinguish the flames. The fire burned considerable brush along the river bank and set fire also to the dry grass on the north side of the street railway tracks, endangering the property of Mr. Donovan and the new residence being built by Councilman Willard B. Thomas.

The fire was soon extinguished under the supervision of Captain Terrence, of the East End station.

Christian Mission Opened.

A mission has been opened in the East End by the Christian church of East Liverpool and a church is likely to be built in this part of the city by this denomination. The first meeting was held in the Larkins & Ferguson hall yesterday afternoon and was a Sunday school service. The attendance was quite large. After the Sunday school service was held, at which an address was made by Rev. J. W. Gorrell. Similar services will be held by this congregation every Sunday afternoon.

R. L. Andrews a Visitor.

Robert L. Andrews, general manager of several divisions of the Eastern Ohio Traction company, of Cleveland, was in the East End yesterday visiting his parents. Mr. Andrews was formerly general superintendent of the East Liverpool Railway company. He returned to his home at Cleveland this morning.

Oakland vs. Klondike.

The base ball season was opened at Columbian park Saturday afternoon by a game between the Oakland A. C. and the Klondikes. The former club won the game by a score of 21 to 17. The Oakland club will play another game with the Married Men of the East End next Saturday afternoon on the same grounds.

New Policeman at Work.

The boys of the East End will be on their good behavior from now on. The East End policeman, Jay Fisher, begins his work this evening.

RUNAWAY CAME BACK

Uhrichsville's Newly Elected Mayor Suddenly Returns After a Week's Absence.

Uhrichsville, April 28.—Charles E. Klein, the new Democratic mayor-elect, after nearly a week's absence has arrived from Zanesville and was in attendance at the special meeting of the town council, where he took the oath of office.

Klein was to have been sworn in at regular council meeting last Monday night, and had made all arrangements for it, but on the eve of his installation he failed to put in his appearance. Messengers were sent to look for him, but he could not be found. His disappearance caused quite a sensation and numerous rumors were afloat. Nothing was learned of his whereabouts until Thursday, when he was located at a hotel in Zanesville.

The recent election was a very bitter contest and Klein was elected by a majority of 67, he being the first Democratic mayor elected to office since 1884.

Klein is a member of the firm of Helms & Klein, well known druggists. He stated this morning that he went away because the election was forced on him and, having other business to attend to, did not think he could do justice to both.

PROBATE MATTERS

A Will Filed And Sales of Realty Authorized By the Court.

Lisbon, April 28.—(Special)—W. S. Emmons, as guardian of Susie Hilliard, who furnishes \$1,000 bond, has been ordered to sell his ward's realty a private sale.

The will of James W. Moore, late of Wellsville, has been admitted to probate.

J. M. Dickinson has been appointed administrator of the estate of Francis Molner, late of Center township. Bond \$1,000.

Charles W. Russell, as administrator of Nancy Reed, late of Center township, reports the sale of realty belonging to the estate. The sale has been confirmed.

A petition to sell the realty of the estate of Joseph B. McClain, late of Fairfield township, has been filed by Matilda McClain, administratrix. M. C. Moore has been appointed guardian for the suit of the minor children, Ross, Fred, Glenn, Edith and Ruth McClain. The administratrix furnished \$2,000 additional bond. The sale of the realty has been ordered.

REBELS SURRENDERED.

Guevarra's Men Moved to Samar Coast by Gen. Grant—Other Forces Give Up.

Manila, April 28.—General Fredrick D. Grant's expedition in the gunboats Baseo and Florida, several steam launches and native lighters, has ascended the Gandara river, in the island of Samar, and has brought the insurgent leader, Guevarra, and his entire command down to the coast. Guevarra's command consists of Rafael Sebastian, Abaki and 38 other officers, 189 men and 161 rifles. Three hundred insurgents with 131 rifles were expected to arrive at Catbalogan, Samar, yesterday to surrender formally to the American authorities.

Three hundred bolomen, 28 of them armed with rifles, surrendered Saturday at Sulat, also in Samar.

SONS OF THE REVOLUTION.

Convention to Assemble—Clinton's Grave to Be Marked.

Washington, April 28.—Arrangements have been practically completed for the national congress of the Sons of the American Revolution, which assembles in this city Wednesday. The sessions of the congress will be held at the New Willard hotel. The arrival of delegates has commenced. President General Walter Seth Logan, of New York, arrived in Washington Saturday, and several others from various parts of the country have registered at hotels.

While the congress does not assemble until Wednesday, a ceremony of considerable interest will be held Tuesday at Congressional cemetery, when a committee of distinguished New York delegates will visit the cemetery for the purpose of placing one of the society markers at the grave of General George Clinton, an aide to General Washington in planning his campaigns, first governor of New York, and twice vice president of the United States. He died in this city and was interred at Congressional cemetery in 1812. A monument was placed at the grave by the state of New York. A floral offering from the White House will be placed on the grave and the marker will be put in position with simple ceremony, no speeches being made and no services being held.

WILL GOMPERSTALK?

Asked to Go to Wheeling to Face Shaffer-Flynn to Return Today.

WILL GOMPERS BE LET SPEAK?

Asserted Saturday They Would Not Hear Flynn—Will They Hear His Chief?—A Disastrous Labor Split Not Improbable.

Wheeling, W. Va., April 28.—A famous labor controversy, in which President Samuel Gompers, of the American Federation of Labor, and President Theodore Shaffer, of the Amalgamated Association of Iron, Steel and Tin Workers, have played the star roles, bids fair to have its climax today or tomorrow at sessions of the national convention of the latter organization now in progress in this city.

T. H. Flynn, a national organizer of the federation, came to Wheeling last week and made a bitter attack upon Shaffer and answering the charges the latter had made against Gompers. On Saturday Flynn left the city, supposedly for Pittsburgh, but his friends of the Tighe faction assert he will return today and again demand the floor of the convention, not only for himself, but for his chief, Gompers, as well, for it leaks out that Gompers has been asked to come here today to co-operate with his representative. It was supposed Gompers would arrive from Washington early this morning. Whether the Shaffer faction, which asserted Saturday that Flynn would never be accorded the privilege of the floor of the convention, will have the temerity to refuse to grant a hearing to their chief, Gompers, is not known, for it is known to but few that Gompers has been asked to come here today. The quarrel has become very bitter, and it would not be surprising if the Shaffer people declined to grant Gompers a hearing. The situation is decidedly critical, and unless the cooler heads prevail a disastrous labor split is not among the improbabilities. The conservative element hopes to be able to patch up at least the semblance of peace between Shaffer and Gompers, but that the task is not presenting many difficulties is not gainsaid.

Two Reports Likely On the Scale.

At today's session of the convention the several standing committees will make their reports, most important of which will be that of the wage scale committee. Both majority and minority reports will be presented, the majority recommending ratification of the scales negotiated by Shaffer and his cabinet with constituent companies of the United States Steel corporation, and the latter, while not objecting to the terms of the scales, registering their constitutional objections and recommending that all future scales be based on recommendations to be made by the convention itself.

The fight for the presidency continues in much the same condition, but the visit of Gompers and Flynn and the showing Shaffer will make in confronting them doubtless will have a decisive influence one way or the other. Should Shaffer meet defeat in his clash with the chief of the federation, Assistant Secretary Tighe doubtless will succeed to the presidency, but on the other hand, in the event of Shaffer coming well out of that fight, his prestige will have increased and his election to succeed himself will be a certainty.

The ministerialists lost four seats and another new constituency was won by the Nationalists. The

Flourens (Progressist), M. Mesureur (Radical Socialist), a retiring deputy, was replaced by M. Syveton (Nationalist).

Reballoting will occur in 29 districts. The Nationalists, however, suffered a severe check in Algiers, where M. Drumont, the notorious anti-Semite, was turned out by a majority of 900. Among the prominent deputies re-elected to the chamber are Count Boni de Castellane, department of Basses-Alpes; M. Ribot (Republican), from the district of Saint-Omer, department of Pas de Calais; M. Meilne (Progressist), from the district of Remiremont, department of Vosges, and M. MUNICIPAL REFORM.

NATIONAL LEAGUE MEETS IN BOSTON IN MAY.

George W. Guthrie to Discuss the Political Overthrow in Pittsburgh.

Philadelphia, April 28.—The program of the eighth annual meeting of the National Municipal league and the tenth national conference for good city government, to be held at Boston, May 7, 8 and 9, has been completed.

The president of the league, James C. Carter, of New York, will preside at the several sessions of the meeting, except on Thursday evening, when he makes his annual address, on which occasion the Hon. Charles Francis Adams will preside.

Among the features of the program is a discussion of the franchise question and the referendum, with papers on the Boston, Chicago, Philadelphia, Cleveland and Detroit situations. Those contributing papers to this series are F. H. Clement, editor of the Boston Transcript; George C. Sikes, secretary of the Chicago street railway commission; Charles Richardson, vice president of the Philadelphia Municipal league, and Superintendent E. W. Bemis, of the Cleveland water works.

The secretary of the league, Clinton Rogers Woodruff, of Philadelphia, will review the year's developments in municipal affairs in an address entitled "A Year's Municipal Progress." The subject of uniform municipal accounting and statistics will form the topic of one whole session's discussion.

The Friday sessions will be held at the Harvard university, at the special invitation of the university. In the morning the Pittsburgh political overthrow will be discussed by George W. Guthrie, of that city, who was chairman of the citizens' committee.

The New York situation will be discussed by Dr. Albert Shaw, the editor of the Review of Reviews, and former District Attorney Philbin will present a paper on "A Non-Partisan Administration." Prof. J. H. Beale, of Harvard, will discuss "Charter Legislation in New England."

RUSSIAN PEASANTS RIOTING.

Reported by Saturday to Have Sacked 80 Estates—Cabinet Ministers Threatened.

St. Petersburg, Saturday, April 26.—The peasants in the Poltav and Kharkoff provinces, where 18,000 are reported to be participating in riots, have already sacked 80 estates, where they destroyed everything they could not carry off. The whole region is terrorized, and land owners and stewards are fleeing for safety. The fear is increasing that Kharkoff and other towns will be attacked. Some of the authorities are showing weakness and pusillanimity, while others are cruelly vigorous and are causing wholesale floggings of persons arrested.

The agitation at Moscow is so serious that the czar has relinquished his intention of spending the Russian Easter there.

The ministers, including M. De Witte, the minister of finance, continue to receive letters threatening them with death.

Probable Program in House.

Washington, April 28.—There is a miscellaneous program ahead for the house this week. Today the special rule for consideration of the omnibus public building bill will be devoted to District of Columbia business. Tuesday the omnibus bill will be passed. Wednesday consideration of the agricultural appropriation bill will be resumed, and after it is disposed of the District of Columbia appropriation bill will be taken up and probably passed before the end of the week. With its passage only two appropriation bills will remain to be acted on by the house—the naval and general deficiency bills. Seldom have the appropriation bills been so well advanced at a long session of congress as they are this year.

U. S. TROOPS TO REMAIN.

Root Says 800 Men Will Guard Munitions, Etc., For U. S. Naval Stations, in Cuba.

Miami, Fla., April 28.—Secretary of War Root and Mrs. Root and their daughter arrived here from Cuba yesterday afternoon on board the government yacht.

Regarding the trip, Secretary Root said: "My visit to Cuba was for the purpose of arranging for the transfer of the island to the Cuban government on May 20. Seven artillery companies, consisting of 800 men, will remain in charge of the guns, ammunition, etc., which will be retained in Cuba for the United States naval stations which have been arranged for in the treaty with the Cuban government. The troops will be stationed at Havana, Santiago and Cienfuegos."

The secretary said that no claim had been made by the United States for the settlement of the sums expended in freeing Cuba, but that the matter will be taken up when the Cuban government shall have been perfected. The party were to leave at once for Washington.

FROM SOUTH AFRICA

New Way of Using Chamberlain's Cough Remedy.

Mr. Arthur Chapman, writing from Durban, Natal, South Africa, says: "As a proof that Chamberlain's Cough Remedy is a cure suitable for old and young, I pen you the following: A neighbor of mine had a child just over two months old. It had a very bad cough and the parents did not know what to give it. I suggested that if they would get a bottle of Chamberlain's Cough Remedy and put some upon the dummy teat the baby was sucking it would no doubt cure the child. This they did and brought about a quick relief and cured the baby." This remedy is for sale by Alvin H. Bulger.

AN ATTRACTIVE WORK

Book of the Presidents by General Grosvenor, needed in Every Library.

"The Book of the Presidents," by Gen. Charles H. Grosvenor, 20 years member of Congress. Pronounced the most sumptuous and magnificently beautiful book ever issued in the United States. Contains 27 large full-page photographic portraits, reproduced from the best paintings in the White House, the Congressional Library, the Capitol Building and the Corcoran Art Gallery of Washington.

Contains department of autograph letters, showing an autograph letter of each President of the United States, and department of armorial bearings and genealogical notes. These two features have never before appeared in any book ever issued.

Both President McKinley and President Roosevelt posed specially in the White House for their portraits to be used only and exclusively in this work. This is the greatest honor ever conferred on any publication ever issued in this country. This work reflects credit upon the nation. Every patriotic American citizen will buy it. Sells at sight. Small fortunes being made by men and women and large fortunes will be made on this publication within the next three years. High class men and women employed on commission or part salary and part commission. \$1,500 guaranteed yearly. NOTICE TO REPUBLICANS.

Notice is hereby given to the Republican
electors of the Eighteenth Congressional
District of Ohio that a delegate convention
to place in nomination a candidate for Rep-
resentative in Congress will be held at

Alliance, May 6, 1902,

at 10 o'clock a. m. delegates will be elected
in the several counties composing said dis-
trict on the basis of the Republican vote
cast for President in 1900, viz: 1 delegate
for each 100 votes and fraction thereof in
excess of 50. This apportionment is as
follows.

| | |
|--------------------------------------|----------------|
| Columbiana..... | 108 delegates. |

A resolution has been adopted by
the legislature providing that the
question of a constitutional amend-
ment, giving the governor the veto
power, be submitted to the electors of
Ohio in 1903. There will be plenty of
time for the voters to consider the
question and to decide it wisely
and properly. Ohio is one of
the very few states whose governors
have not the right to disapprove bills
that have passed the legislature. The
governor of this, the greatest state in
the union, is now little more than an
executive clerk. By virtue of his office
he is commander-in-chief of the mil-
itia of the state, and the power con-
ferred upon him in this position is far
greater than any he exercises in his
executive capacity. The governor may
recommend legislation and the legis-
lature may or may not act upon his re-
commendation. He has no power to
estop legislation, no matter how vi-
cious or obnoxious it may be. That he
should have such power, we believe,
is a proposition which every thought-
ful person will concede.

A little knowledge is a dangerous
thing. A traveling man who pos-
sessed hypnotic power put a boy to
sleep at Pottsville, Pa., and the boy
died. At La Salle, Ill., an amateur
hypnotist put a whole family to sleep.
All slept four days, despite his efforts
to awaken them. Finally two of the
children were aroused, but at last ac-
counts three persons were still sleep-
ing. There ought to be a law against
any person practicing hypnotism un-
less he has first received a physician's
diploma. Hypnotic power is as dan-
gerous as a revolver in the hands of
those who don't know how to use it.

And now a scientist has arisen who
predicts that wireless telegraphy will
send the ocean cables to the scrap
heap in the next five years. Of course
the land wires will go with them and
the poles can be sold to toothpick and
match factories. East Liverpool can
have an up-to-date telegraph office; the
linemen will incur no perils, and—
well, the list of possibilities is decid-
edly longer than that of probabilities.

If anybody succeeds in lassoing the
beef trust, it will be Republicans. The
Democrats, as usual, rail at the trust
without making an effort to check its
practices. If more legislation is need-
ed to smash the combination, Republi-
cans will provide it. The Democrats
are not able to offer even a useful sug-
gestion.

South Carolina is soon to suffer
again from the disease known as Till-
man on the stump.

Elkins, W. Va., has had two chiefs
of police shot and killed within a year,

and the third recently had a narrow
escape from the same fate. Elkins
will soon become one of those rare
communities where the office seeks
the man.

The annual distribution of govern-
ment buildings in Ohio has occurred.
As usual East Liverpool is not on the
list, while half a dozen towns that will
not reach East Liverpool's importance
in half a century are conspicuous.

While April breezes prevail one
needs not be a Santos Dumont to
construct a flying machine. Here-
abouts, in the past few days, almost
any old machine that was not chained
down would fly.

No sooner was General Funston
placed under orders to keep quiet than
numerous Democratic editors and
statesmen began jumping on him. They
did not dare do it while he could de-
fend himself.

The steel trust has a plan for sav-
ing \$10,000,000 a year. The rapacity
of these trusts is astonishing. Other
people would be content with saving
half that sum in the same time.

An eastern railroad has determined
to put a ban on the practice of throw-
ing rice on bridal couples while on
its trains or at its stations. It is a
shrewd bid for patronage.

So far the wind, to all outward ap-
pearance, has accomplished more than
the city authorities in clearing the
streets of waste paper and other lit-
ter.

OBITUARY.

Isabella C. Gallagher.

Miss Isabella C. Gallagher, aged
about 31 years, daughter of Mrs. Cath-
erine Gallagher, of East Market street,
died at the home of Mrs. John Lister,
on Sixth street, at 11:40 o'clock today.
She had been ill for five days, and
death was due to a complication of
trouble. The arrangements for the
funeral are not completed.

She is survived by her mother, and
John Gallagher, of Salem; Frank and
Charles Gallagher, of this city; Peter
Gallagher, and Mrs. Mary Earley, of
Hazelton, Pa.; and Mrs. John Lister, of
this city. Miss Gallagher was sec-
retary of warehousewomen's Local No.
62, and recording secretary of the
Ladies' Auxiliary of Division No. 1,
A. O. H.

Isaac N. Burbick.

Isaac N. Burbick, aged 55, dropped
dead at the home of his brother, Thom-
as Burbick, on Commerce street,
Wellsville, Saturday evening at 9
o'clock. He formerly resided in East
Liverpool and was an insurance agent.
A stroke of apoplexy caused death. Mr.
Burbick was born in Wayne township,
and had resided in Columbiana county
most of his life. He was married
twice, his first wife having died sev-
eral years ago. To this union
two children were born. Besides
these he leaves his second wife and
one child. The funeral was held at 2
o'clock this afternoon. Interment was
at Spring Hill.

Edward Marion.

Edward Marion, aged 31 years, died
Saturday at his home on West Fourth
street, after a six weeks' illness of
dropsy combined with a complication
of diseases. He moved to this city from
Murdersville, Washington county, Pa.
For the past ten years he has been em-
ployed in the warehouse of the Wallace
& Chetwynd pottery. A wife and two
small children, a brother, Fred, and
five sisters, Lizzie and Anna, of Steu-
benville, Mrs. Agnes Cunningham, of
Tiltonville; Mrs. Washington Baker,
East Liverpool, and Mrs. James Know-
les, of Shippingport, are his survivors.

Mrs. Rosina Pfaffenbach.

Mrs. Rosina Pfaffenbach died Sun-
day evening at 5 o'clock at her home
in Wellsville. She is survived by
three daughters, Mrs. Charles Moore
and Miss Callie, of Wellsville, and
Mrs. Fremont Hale, of Toronto. She
was a native of Germany. The fu-
neral will take place from the late
home tomorrow at 2 p. m., Rev. L. C.
Wells officiating.

Mrs. Pfaffenbach was 75 years old
and had lived in Wellsville 30 years.
Her husband, John Pfaffenbach, died
about three years ago.

W. C. Thompson.

William C. Thompson, aged 43 years,
one of the best known residents of the
East End, died at his home on Penn-
sylvania avenue yesterday at 4:30 p.
m. He had been ailing for almost a
year. For 17 years he operated a dai-
ry. The funeral services, conducted
by Rev. George W. Orcutt, will be
held Wednesday afternoon at 2 o'clock,
interment being made at Riverview.
He is survived by a wife and one child.

Gertrude Kane.

Miss Gertrude Kane, daughter of Mr.
and Mrs. John Kane, residing in Dixon-
ville, died at an asylum at Massillon
last Thursday, and was buried here on
Saturday. She was taken to Massillon
only a few weeks ago.

POTTERY NEWS

I. W. VanFossen, of New Brighton,
a salesman for the National, was in
the city Saturday. While riding on a
train recently Mr. Van Fossen encoun-
tered a few cinders, one of which lodg-
ed in his eye. The member became
very sore, and the gentleman was com-
pelled to remain in a dark room for
three days. His eye is now much im-
proved.

The story published in this paper
several weeks ago relative to the re-
duction in the selling price of foreign
made ware was read with more than
passing interest. While no official an-
nouncement has been made there is a
belief on the part of many that the
American manufacturer will meet any
decrease in the foreign list, thus hold-
ing the trade of this country which
so rightfully belongs here. Some of
the most important changes in the for-
eign selling list are quoted as follows:
White granite reduced from a discount
of 55-5 and 5 to 50-5 and 5, a net de-
crease of 11 per cent. White semi-
porcelain reduced from 50-5 and 5 to
52 1-2-5 and 5, a net decrease of 5 per
cent. Cheap printed dinner ware re-
duced from 42 1-2 5 and 5 to 45 5 and 5,
a net decrease of 4 1-3 per cent. White
thirds reduced from 65 5 and 5 to 67
1-2 5 and 5, a net decrease of 7 per
cent. The former price on American
white granite was practically identi-
cal with the English price plus duty.
The English price is 11 per cent lower,
with equally advantageous freight
rates to all points in the country, and
more favorable freight rates to many
points, notably the Atlantic and Pacific
coasts, and all points in the middle
west adjacent to the Missouri river.

The Trenton Pottery company will
in the future discontinue the manu-
facture of general ware which was begun
several years ago at the Crescent pot-
tery, one of the plants controlled by
the syndicate. The move has been the
result of an effort of the company to in-
crease the capacity of the Ideal pot-
tery, which is devoted exclusively to
the manufacture of solid porcelain
ware. Since the concern began the
manufacture of porcelain ware, this
industry has reached such broad pro-
portions that it was found necessary
to look for larger quarters. In a short
time the Equitable pottery will be de-
voted exclusively to this line of ware
and the sanitary articles now being
manufactured at the plant will be made
at the Crescent pottery. Several ad-
ditions will be made to the Equitable
plant, including a number of new kilns.
The Trenton Pottery company, after
the changes are made, will devote its
plants exclusively to the manufacture
of sanitary and porcelain ware.

One matter which will be consid-
ered near the close of the Trenton con-
vention bids fair to arouse much in-
terest. This will be the selection of
a meeting place for next year. When
the convention is held in the west
there is always a great saving in rail-
road expenses. There is no doubt that
the meeting could be brought to the
west year after year, owing to the
increased number of Brotherhood
members hailing from points west of
the Alleghenies. It will be remembered
the eastern question was one of the
most important considered at the last
convention, and it was decided by the
pottery of the west that Trenton was
the logical location for the meeting
this year. The sacrifice was made and
no one regrets it. The convention will
likely come west next year. Among
the cities which have been suggested
are East Liverpool, Wheeling, Akron,
Sebring and Steubenville.

A Trenton trade paper in speak-
ing of the Brotherhood convention which
will be held there soon, says that Tren-
ton will be represented at the conven-
tion by delegates from four locals, rep-
resenting a membership of about 1,200
persons. The article also states that
the objections raised by many Trenton
potters to becoming members of the
Brotherhood on account of the head-
quarters being in East Liverpool are
fast disappearing, as the perfect meth-
ods of the national officers are fast
winning favor in the east.

An improvement has been made at
the Buckeye which will be of benefit
to the dippers and kilnmen. It con-
sists of a number of shelves built in
the dipping house to accommodate dif-
ferent kinds of ware which heretofore
was set on boards laid on the floor.
The shelves are built so that all kinds
of steak dishes, bakers and wappers
can be bunged up.

The new sagger being made at the
Laughlin No. 2 is the largest ever sag-
ger ever made. The circumference of
the drum is 58 inches, six inches lar-
ger than the ordinary ever sagger.
Last Monday the firm gave the order,
but the workmen refused to comply
until it was known whether the extra
10 cents was forthcoming. The firm
later ordered the big sagger made at
the price asked.

Local union No. 19, which has been
meeting on Thursday evening for sev-
eral weeks, will meet this evening in
special session, but no other meeting
will be held until Thursday of next
week. The meeting tonight is for the
purpose of considering convention res-
olutions.

Joseph Chetwynd, who was for some
time general manager of the Wallace
& Chetwynd plant of the East Liver-
pool Pottery company, has embarked
in the modeling business. He has open-
ed an office on Third street.

Dimmer Wheatley, jiggerman at the
Laughlin No. 2, has been ill for several
weeks. He is no wable to be out. He
is arranging to take a trip to New
Mexico, for the benefit of his health.
He will start within a few weeks.

C. Scudder Cook, a former pottery
manufacturer at Trenton, has filed a
petition in bankruptcy. His indebted-
ness is placed at \$26,564.91, with assets
of \$10,000 of which \$5,500 is subject
to a mortgage.

John Horton, foreman of the decorat-
ing department of the Sebring pottery-
who is in East Liverpool for medical
treatment, is convalescing. During
his absence Thomas A. Speidel is act-
ing foreman.

Kilnmen's local No. 9, at its last
meeting elected three new delegates
to trades and labor council. They are
Aaron Coleman, Richard Herbert and
William Cuthbert. One candidate was
obligated.

Neal Laird, formerly employed on
the biscuit end at the Union but for
several weeks employed at the Ameri-
can China at Toronto, returned to this
city Saturday. He will not go back to
Toronto.

James Jenks, who has been working
on the glost bench at the Union, has
resigned his position, and will be suc-
ceeded by Daniel Fitzgerald, who has
been working at Burford's.

Andrew Wilson, a salesman for the
National, who has been in the west for
several months, has returned to the
city. He expects to make another trip
within a few weeks.

William Hartford, superintendent of
the Ulrichsville clay works, has severed
his connection therewith and has
become identified with a plant at Wal-
ker.

James Brock, a glost kilnman for-
merly employed at the Burford, is now
located on the glost end at Brunt's.

WELLSVILLE

TAX ON POLES

WELLSVILLE PROPOSES TO MAKE THEM LESS PLENTIFUL.

Hereafter Each Telegraph and Telephone Pole Erected Will Bring the City \$1.

By an act of the city council all telegraph and telephone companies are hereafter to be assessed by the city \$1 per pole for each pole erected in the corporate limits of Wellsville. This matter was suggested to the city solons by Councilman Brannon, who held that this action would avoid the erection of so many unnecessary poles within the city limits.

The matter was brought about by a kick which was registered before council by W. G. Stewart, who resides at the corner of Fifth street and Broadway, and who states that one of the telephone companies have placed two poles in front of his residence, where one pole would answer the purpose. This matter was left in the hands of the pole committee to investigate.

If many more of these matters are brought before council it is thought that the different telegraph and telephone companies will be assessed \$1 for each pole already erected within the city limits.

BROADWAY PARK

It Is to Have Shade Trees Planted and Other Improvements Made.

The city park on Broadway, which has not heretofore been given much attention in the way of being kept in good shape, is soon to be sown with grass seed and in other ways put into a respectable condition.

Forty young poplar trees, averaging from 10 to 12 feet in length are to be planted, having been ordered by the city council from the Carrollton nursery at a cost of 75 cents per tree. The planting is to be done by the nursery people.

This will add greatly to the appearance of the city. It is the intention of council to have more attention paid to this park than has heretofore been given.

TWO ARRESTS MADE

Charges of Drunkenness And Disorder Lodged Against Prisoners at City Jail.

One plain drunk, John O'Brien, of Pittsburg, registered Saturday evening and took lodging for a day at the jail to sober up. He was arrested by Officer Davis, who is on the force only temporarily. He will be given a hearing some time today and will probably be assessed the customary amount of \$1 and costs.

Frank McConaughy, of Toronto, was arrested on Sunday evening by Officer Davis. He will have to face a similar charge and will be given a hearing today.

Duck Hunters Defy Law.

Duck hunting has become quite a favorite pastime among the Wellsville sports recently. Although it is contrary to the game laws of the state to shoot them at this season, a large number are being killed daily. Large flocks of them are seen flying eastward every day.

MINOR NEWS OF WELLSVILLE.

Miss Anna Davidson spent Sunday in Pittsburg.

Sheriff Leonard was in the city Saturday on business.

Miss Myrtle Runyon, of Main street, is on the sick list.

William Hays, of Bethel, was in the city Saturday on business.

Master Frank Shook visited his parents in Beaver over Sunday.

Grace Duff, of the fair grounds, is

very ill with an attack of pneumonia.

J. F. McQueen and wife visited friends in Jefferson county over Sunday.

T. H. Silver, who has been on the sick list for the past few days, is again able to be out.

William Kerr, county commissioner of Jefferson county, was in Wellsville Saturday on business.

Charles A. White was in the city Saturday on business. Mr. White is the next recorder for Columbiana county.

E. S. Woolweaver, the new manager of the Metropole hotel, arrived in the city Saturday afternoon. He will take possession on May 1.

Prof. T. E. Cramblet, who is president of Bethany college, spent Sunday in this city and presided at the Sunday services in the First Christian church.

AT THE THEATER

Frederic Murphy comes to the Grand next Thursday evening as the leading man of the successful and "laughiest" of all comedies, "The Girl From Chili." Murphy's quaintness, his natural methods and his ability have placed him at the head of his profession in his own line of work—high class comedy. There isn't another comedian on the stage who has a larger following than this young man.

Contractors Take Notice.

Until Monday, the 5th day of May, at 6 o'clock p. m., sealed bids may be left with the undersigned for the grading of the five school lots at the corner of Ambrose avenue and Riley avenue, in Bradshaw's addition, in accordance with plans and specifications prepared by city engineer.

Work must be commenced immediately after contract is let and pushed as rapidly as weather will permit. Right reserved to reject any or all bids.

Superstitions About Babies.

The Manx people believe that it will dwarf or wizen a baby if any one steps over it or walks around it. In some parts of England people bind the infant's right hand, so that it may have riches when it grows up. In Yorkshire a newborn babe is placed in a maiden's arms before being touched by any one else in order to insure good luck.

In South America a book, a piece of money and a bottle of liquor are placed before the infant the day it is one year old to ascertain its bent in life.

In Scotland a baby is considered lucky if it handles its spoon with its left hand, and it will be perfectly happy and successful if it has a number of falls before its first birthday. In the north of England, when a child is taken from a house for the first time, it is given an egg, some salt and a small loaf of bread and occasionally a small piece of money to insure it against coming to want.

Former Perfumes.

Our forefathers were great people for scents and perfumes, fragrant herbs and spices, and the astonishing amount of seasoning they put with the simplest dishes prepares one for almost any combination. When to make a cherry tart they found it necessary to make a sirup of cinnamon, ginger and "sawdust" and to add rosewater to the icing, one can imagine how they set to work to cook a cornucopia. Perhaps if we remind our readers that many chambers were provided with "drafts" which occasionally required cleaning and that rushes took the place of carpets they will realize one of the reasons for the use of perfumes. "Sweet waters" were occasionally sprinkled under the rushes in great houses or for revels or on the mattresses and bedding.—Good Words.

Playing Wagner Upside Down.

A London paper tells a story of Wagner in the days of his youth and poverty calling upon Rossini in Paris and noticing "a little composition" of his own on the piano rack. The reply of Rossini when it was pointed out to him that the music was upside down was "perhaps hardly up to the best form of the polite Frenchman." "You see, I found it sounded better that way."

Bill Nye's compliment to Wagner was in a happier vein. He told the great composer that he had no doubt his music was really much better than it sounded.—London Speaker.

Sweet Sympathy.

Mrs. Youngwed—Yes; Mr. Youngwed didn't feel at all well this morning, so I just made him stay home from the office.

Mrs. Naylor—Indeed! I notice all your carpets are up and your back shed's painted and—

Mrs. Youngwed—Yes; I got Mr. Youngwed to do all that while he was home today.—Philadelphia Press.

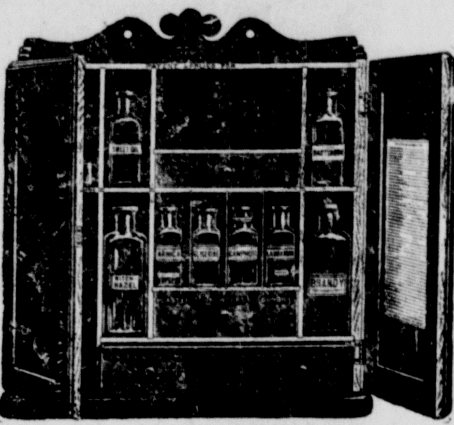

More Than Tragic.

"You played nothing but tragedies," said the friend.

"They were worse than tragedies," answered Mr. Stormington Barnes as he stopped figuring his expense account. "They were financial catastrophes."—Washington Star.

THE QUESTION OF BONDS

Arousing Much Interest Among the People of Chester.

Residents of Chester at the present time are very much agitated over the probable results of the special election to be held on the first day of May. On the street corners, in the stores, postoffice and around the family hearth the question of issuing bonds for the paving of Carolina avenue and First street is the predominating topic of discussion. The property owners living on Carolina avenue have met several times to discuss the question. There appears to be much opposition. According to the city ordinance 60 per cent of the voters are compelled to vote for a bond issue before it can be ordered.

THE ADVANCE IN OIL

Means Much to the Producers of Hancock County—New Wells.

Oil has recently gone up five cents on the barrel and is at the present time worth \$1.20. There is a large production in Hancock county, and this fact means considerable to the producers.

Another large well was drilled in by Murray & Miller, of New Cumberland, on the Carson farm recently. It is good for from 50 to 100 barrels per day.

Charles A. Smith's well on the Cunningham farm which was drilled in last Wednesday, is the best he has brought in on that property, and is good for about 20 barrels a day.

NEW COUNTY ROAD

Grading Nearly Finished in the Park. Street Railway Double Tracks.

The grading on the new county road which cuts through the eastern part of Rock Springs park is now nearly finished. As soon as this work is completed the same gang of men will be started to work on the double tracking of the East Liverpool & Rock Springs street railway line.

The company will double track its line over all of the streets in Chester.

An Enjoyable Dance.

A very enjoyable dance was given Saturday evening at Rock Springs park. Nowling's orchestra furnished the music. Quite a large crowd attended, several of whom were from Wellsville. A number of dances will be held this week, the same orchestra playing.

CHESTER NOTES.

Miss Georgia Hobbs, of First street, is now clerking in the Chester grocery. Miss Ola Robb, of Fairview, is visiting her sister, Mrs. David Gregory, Indiana avenue.

Wilbert Mercer is very ill at his home on First street. He is threatened with pneumonia.

The new business building which is being built by John Thompson on First street, is nearly completed. It will be ready for occupancy within a few days.

Sale of School.

On Tuesday, the 6th day of May, the Board of Education will dispose of the building known as the "Bradshaw School" at the premises at 1 o'clock p. m. at public sale. Subject to terms and conditions as to removal of the building and further use of the same for school purposes to be announced at the sale. Right reserved to reject any or all bids.

BEEF TO COME DOWN.

New York Republican Committee Told Price Would Decrease.

MEAT MAGNATES TO MEET.

Attorney General Davies and Committee of a New York Republican Club—Influx of Grass-Fed Cattle Will Bring Relief.

New York, April 28.—Relief is promised definitely from the present abnormal prices of meats, and within a month they will have reached nearly or exactly their former normal level. This statement was to appear in The Press today, which also was expected to say:

"The promise of relief was made last (Sunday) night by Ferdinand Sulzberger, one of the 'Big Six,' when he was conferring with the members of the committee of investigation appointed by the Republican club of this city. While this conference was only preliminary to the important one to be held in Washington with all of the meat barons, Mr. Sulzberger felt called on to make some definite promise to the insistent committeemen.

"I can say with assurance," he said when pressed for some promise of relief, "that in a month from now prices will have sought their former level, or close to it, and that that level will be found soon thereafter. I can make that promise, because there will be an influx by that time of the new grass fed cattle from Texas, and with the thousands of them on the market a break in prices is bound to follow."

"It was learned that the conference to be held in Washington will be held next Tuesday in a place not yet selected. As it is to be a secret session the place chosen probably will not be made known in advance. Those at the conference will be G. F. Swift, Ogden Armour, J. Lyman, of Hammond & Co.; Edward Morris, of Nelson Morris & Co.; Michael Cudahy and Ferdinand Sulzberger, of Schwarzschild & Sulzberger. These men will confer in Washington with Attorney General Davies, of this state, and Alfred L. Bullowa, Senator Samuel S. Slater and James W. Hawes, members of the committee appointed by the Republican club to investigate the meat question and assist in prosecution if relief could not be obtained in any other way. It is not believed that Attorney General Knox will be present, as such a proceeding, while he is preparing to prosecute the trust men, would hardly be likely.

J. S. MORTON DEAD.

EX-SECRETARY OF AGRICULTURE DIED AT CHICAGO.

There For Medical Treatment—His Demise Attributed to Cerebral Thrombus.

Chicago, April 28.—Hon. J. Sterling Morton, former secretary of agriculture, died at 4:14 o'clock yesterday afternoon at Lake Forest, at the home of his son, Mark Morton. For several weeks Mr. Morton had been gradually failing. The nature of his illness had not been determined, and a week ago he was brought from his home at Nebraska City, Neb., to Lake Forest for medical attendance. The change brought no improvement, and he failed gradually until death came.

Funeral Services in Lake Forest.

The funeral services will be held at Lake Forest at 2 o'clock tomorrow afternoon, after which the remains will be removed to Mr. Morton's country home at Arbor Lodge, near Nebraska City, where services will be held on Wednesday afternoon. The interment will be at Nebraska City. A special train bearing the remains of Mr. Morton and members of his family and friends will leave Lake Forest at 4 o'clock tomorrow afternoon for Nebraska City.

Death was due to cerebral thrombus. Mr. Morton's illness began several months ago, and in hopes that a change of climate would restore his health he went to the City of Mexico.

accompanied by his son, Paul Morton, vice president of the Santa Fe railroad. Mr. Morton continued to grow worse in the southern country, however, and six weeks ago he returned to his old home in Nebraska. He then came to Chicago, where it was believed he would have better medical attention. After he arrived here he improved somewhat and it was believed for a time that he would entirely recover from his ailment. Last week he suffered a stroke of apoplexy, from which he never recovered. He suffered a second stroke yesterday, and as he had become so weak from his long sickness it proved fatal.

His three sons, Paul Morton, Joy Morton and Mark Morton, were at the bedside when the end came.

Illness Started in Chicago.

Nebraska City, Neb., April 28.—The illness of ex-Secretary Morton dates from last November, when he contracted a severe cold while speaking at the stock show in Chicago. The cold ran into an attack of the grip and Mr. Morton was in a hospital for some time. When he was able to do so, he returned to his home in this city, where he suffered a relapse. After a partial recovery he left, early in March, for the City of Mexico, expecting to regain his health. During his stay in the southern country a disease of the bronchial arteries developed and he returned north. He suffered severely on the return journey and reached his home with his general health much impaired. Three weeks ago Mr. Morton returned to Chicago, with the hope of securing the services of a specialist. The condition of his throat again became aggravated and about a week ago he suffered an attack of apoplexy.

From this last attack he rallied but little. His immediate death, however, according to Dr. Ginn, his local physician, was due to an inflammation of the bronchial arteries.

LADRONE LEADER SURRENDERED

Captain Kennon Said It Meant Opening of Whole of Southern Coast of Negros.

Manila, April 28.—Captain L. W. V. Kennon, of the Sixth Infantry, reported from the island of Negros the surrender of the Ladrone leader Rufo, with 158 officers and men of his command, together with 12 guns, 140 bolos, seven spears and a few revolvers and daggers. Captain Kennon said this surrender meant the opening up of the whole of the southern coast of the island of Negros.

After Papa Isio, Rufo was the most important Ladrone chief on the island. He promised to force Papa Isio and his few remaining followers to surrender. Papa Isio was appointed colonel in the insurgent army by General Malvar one year ago.

CHOLERA AMONG U. S. SOLDIERS

Mostly Confined to Filipinos and Chinese—1,618 Deaths in Manila and Provinces.

Manila, April 28.—The cholera situation in the islands does not show any improvement. Cholera cases are reported among the American soldiers in the Camarines, provinces of Southern Luzon and elsewhere, but so far few Americans have been attacked, and the disease is mainly confined to natives and Chinamen. In Manila there have been 555 cases and 449 deaths from cholera, while the provinces report 1,599 cases and 1,169 deaths.

PAISED MILITARY FORCES.

Acting Civil Governor Wright So Did, at Banquet, in Manila.

Manila, April 28.—At a farewell banquet here to the officers of the Ninth Infantry Acting Civil Governor Luke E. Wright paid a glowing tribute to the military forces. He said the army, under circumstances of surprising difficulty, had paved the way for the work of the civil authorities and that only a few cases of friction between the two branches of government had occurred. He said that General Chaffee, whose opinion

might at times have differed from those of the civil authorities, had been a most loyal supporter of civil rule.

SEAMEN'S FRIEND SOCIETY.

Seventy-Fourth Anniversary of American Organization Celebrated in a New York Baptist Church.

New York, April 28.—The American Seamen's Friend society celebrated its seventy-fourth anniversary yesterday at the Fifth Avenue Baptist church, the annual sermon being preached by the pastor, the Rev. Rufus P. Johnston.

The annual report shows that the society has sent out on different vessels 292 loan libraries, the total number of volumes being 12,556, and 3,870 new volumes which were available during the year, to 3,429 seamen. The number of libraries placed on the United States naval vessels and in the United States hospitals has been 1,069, containing 39,919 volumes, and these have been accessible to 125,313 men. In the stations of the United States life saving service are 161 libraries, containing 6,293 books, accessible to 1,315 men.

The annual meeting of the society will be held Monday, May 5, in this city.

PHILIPPINE BILL.

Government Measure to Take Some Time in Senate.

Washington, April 28.—The plans of the senate for the week do not extend beyond the continuation of the debate on the Philippine government bill and consideration of minor matters when there is no one prepared to speak on the Philippine bill. There is no prospect thus far for speeches in support of that measure, and consequently all the talk bids fair to continue to be on the negative side of the question. Up to the present time the speeches all have been made by minority members of the Philippine commission, but it is stated other Democratic senators have promised to lift their voices in opposition to the bill, among them being Messrs. Turner, Clay and Simmons. Senator Hoar also has made known his intention to speak on the bill, but it is not expected that he will be heard during the present week.

Brief Notes of a Personal Nature and of Matters About Town.

Junior Exhibition—The Y. M. C. A. Junior exhibition will take place Thursday at 4 p. m. An interesting program will be carried out.

Crookery City Jr. Won—The Crookery City Jr. defeated the Y. M. C. A. third nine Saturday afternoon. A score of 11 to 4. Physical Director Stephens umpired.

A Meeting Tonight—Owing to the bad weather, a large number who are to take part in the "Scottish Reformation" were unable to meet with the trainer Saturday evening. Those who are interested in the play are requested to meet at Y. M. C. A. this evening.

I. O. O. F. Anniversary—The Odd Fellows of this city yesterday observed their eighty-third anniversary by attending the morning service at the First Presbyterian church, where an interesting sermon was delivered by Rev. C. G. Jordan. The text was "Bear Ye One Another's Burdens," and the sermon was one of the most timely heard for some time. Every branch of Odd Fellowship was represented, the turnout being the largest in the history of the local lodge. Each member wore pink, a symbol of the order.

THE SUM TOTAL will be in purchaser's favor. The amount expended on **DRUGS AND MEDICINES** here give the biggest returns. The stock is constantly changing. Our sales are numerous and new goods are constantly arriving to fill vacant places. This ensures freshness which is essential to efficiency in all drugs and medicines. The purity of our offerings is another strong point. Also the small price.

SECOND DEFEAT LAST SATURDAY

A Poor Exhibition of Baseball Was the Last Game With Winter A. C.

CALLED IN SEVENTH INNING

The Score Then Standing 14 to 9 in the Favor of the Visitors—High Wind Prevailed and Bad Plays Were Many.

The local ball team suffered defeat for the second time at the hands of the Winter Athletic club Saturday afternoon. Both teams were somewhat handicapped by the fierce wind and at the end of the seventh inning the game was called, partially on account of the gale, but specifically because the Pittsburghers had the game won and wanted to leave for their homes on the early evening train.

With McShane, one of the best amateur twirlers that ever resided in East Liverpool, in the box for the visitors, they practically had the game in their hands from the beginning. He worked the locals on his deceptive curves without the least trouble, notwithstanding that they succeeded in batting him out for 10 hits. This was due entirely to the wind, for they only made three clean hits. The game, as a whole, was rank, no creditable plays being made and but seldom was enthusiasm displayed by either the players or the fans. Ashbaugh, the man in the box for the locals, allowed the visitors 15 hits in six innings, and he finally became so commonplace that they went to the bat with the expectancy of landing nothing less than a home run.

East Liverpool started the game with Emmerling, McCarron and Bennett out in rapid succession, McShane showing his dexterity at the beginning. The visitors made five runs in about the same time and so rattled their adversaries that they lost heart and were easy prey during the remaining six innings. In the fourth inning the locals scored two runs, whereas the visitors scored four, and in the fifth it was even worse, the Pittsburghers crossing the plate five times to the locals' once.

Neither side scored in the sixth, but in the seventh the home team made a decided spurt by increasing the total number of runs from 4 to 9. The increase amounted to nothing, however, as the game was soon over and the visitors were credited with five better.

Charles Reark, of local base ball fame, umpired the game and his decisions were seldom disputed. Charley has many admirers among the fans, all of whom are anxious that he be retained as umpire throughout the season.

Several changes in the East Liverpool infield lineup would have a wonderful effect on the scores of a contesting team. Ferguson and J. Heckathorn carry the batting honors for the locals in the three games, each having four hits to his credit.

The score:

KNOW YOUR FATE!

Prof. Edwards the Celebrated Psycho-Palmist

Late of London, and famous in New York, is now located in East Liverpool.

He stands at the head of his profession, and does not wish to be measured by any other standard than his own.

He brings hundreds of personal endorsements from great people from all civilized parts of the earth. His experience and knowledge of human life is broad, deep and profound, and when united with his most marvelous power of mediumship, combined with his great knowledge of the most exact sciences, Palmistry, Psychology, Astrology and personal magnetism, makes of him all he claims to be, **THE KING OF LIFE READERS.**

East Liverpool, like many other cities, has been overrun by persons calling themselves mediums, palmists, etc., who knew nothing of the science they were practicing. Well knowing the responsible position he has taken, he will endeavor to uplift and help place the profession upon a solid foundation here, as he has done in other cities. The time is not far distant when the partially developed palmists and mediums will be driven from all cities, and none but the fittest allowed to remain. He asks those who have been deceived by undeveloped, unscrupulous persons, not to despair. But come at once and be convinced that he can help you.

HE LIFTS THE VEIL OF THE FUTURE

And peers into the mysteries beyond and points out the way to benighted wayfarers. Such blessings are availed of by the wise and prosperous of all nations and climes. Common sense says go and partake of the advantages freely, and in after years you will be spared the saddest of all words, "It might have been." He gives advice on all matters of business, law suits, separations, divorces, tells you whether your friends are true or false, when and whom you are to marry.

NOTICE—Prof. Edwards will have parlors at No. 164 Sixth street. Those wishing to see him will do well by taking advantage of his special offer of \$1 for first ten days. After ten days he will make his regular charge \$2. Cut this ad. out, as it will not appear every day.
Call during the day and avoid the crowd at night.
